Section 1: Introduction

Using this Guide

This guide is used to communicate UnitedHealthcare Policies and Procedures. Our policies and procedures provide guidance to ensure compliant and ethical conduct, professionalism, and knowledge of required business processes and responsibilities. Agent guides are confidential and proprietary property of UnitedHealth Group and may not be distributed, reproduced, republished, transmitted, displayed, broadcasted, or otherwise exploited in any manner without express written permission of UnitedHealthcare.

The *Agent Guide* has been developed for use by all National Marketing Alliance (NMA) agents and solicitors. Throughout the guide the words “agent” and “you” are used to refer to any NMA agent or solicitor. In instances where information relates specifically to an agent, but not a solicitor or vice versa, it will be clearly noted.

- Agent – a licensed, certified, and appointed (if applicable) representative who is contracted with UnitedHealthcare through an NMA.
- Solicitor – an appropriately licensed captive agent employed by or independently contracted with an External Distribution Channel (EDC) agent, appointed (if applicable) by the Company, and is free to exercise his or her own judgment as to the time and manner of performing services pursuant to a direct or indirect agreement between the Solicitor Agent and the EDC agent.

Section 2: How do I Get Started

On-Boarding

You must be appropriately contracted, licensed, appointed (if applicable), and certified in order to market or sell any UnitedHealthcare Medicare Solutions product.

Contracting

You must align under an NMA or eAlliance organization approved and contracted with UnitedHealthcare. You may only align in one hierarchy at any given time.

Your NMA or eAlliance organization initiates the contract submission process by providing contracting paperwork (via hardcopy, electronic copies, or a link to either an internal or external on-line contracting system) to you to obtain necessary on-boarding information and documentation. Your NMA or eAlliance is responsible for verifying the accuracy and completeness of the contracting packet paperwork.

A complete contracting packet contains:

- Agreement (not applicable for solicitor) – First and signature pages, at a minimum, must be submitted. Note: The signature date must be within 30 days of the date received by Agent Lifecycle Management (ALM).
- Appointment Application – Signed and dated. Note: The signature date must be within 30 days of the date received by ALM.
- Background Check Authorization Form – Signed and dated. Note: The signature date must be within 30 days of the date received by ALM.
- Errors & Omissions Attestation of Coverage within the Appointment Application – Signed and dated. Note: The signature date must be within 30 days of the date received by ALM.
- NMA Relationship Hierarchy Addendum – With all required signatures and dated. Note: The signature date must be within 30 days of the date received by ALM.
- W-9 Form (not applicable for solicitor) – signed and dated. Note: The signature date must be within 30 days of the date received by ALM.

Licensing

You must be licensed in your resident state and in all states for which you have requested appointment. You are responsible for maintaining an active license including all educational requirements. ALM will verify license status using NIPR (National Insurance Producer Registry). Failure to maintain valid licensing is grounds for not-for-cause termination.

Party Identification (Party ID)

You are assigned only one Party ID in your lifetime with UnitedHealthcare. The Party ID links all subsequently issued writing numbers to you.

ALM must receive a complete contracting packet in order to assign you a Party ID. If an incomplete packet is received, ALM will suspend the contracting process and notify the applicable NMA or eAlliance, via email identifying the missing, incomplete, and/or outdated items. The contracting process will resume when the packet is complete.

Section 2: How do I Get Started

Upon receipt and review of a complete contracting packet, ALM will assign the Party ID and email you and the applicable NMA or eAlliance a Party ID Notification Letter.

Certification

You must complete certification requirements in order for ALM to process the appointment request. (Refer to the Certification section for details.)

90 Day Requirement

The Party ID Notification Letter includes instructions for accessing the learning management system (Learning Lab) within **Jarvis**. You must successfully pass all base level assessments, within 90 days of the date of the Party ID Notification Letter, in order to move forward in the contracting process. Note: Agents transferring AHIP certification credit or passing Medicare Basics are given credit for Medicare Advantage plans, Prescription Drug Plans, and Medicare Supplement Insurance plans product certification pending successful completion of the remaining base level assessments.

Failure to Certify Timely

The contracting process terminates if you fail to complete the certification requirement within 90 days of the date of the Party ID Notification Letter. You may reapply without a waiting period by submitting a new contract packet.

Background Investigation

Initial On-Boarding

You must pass a background investigation in order for ALM to process the appointment request. The investigation is ordered at the time the Party ID is issued and may be ordered when a new contract packet is received based on when the last investigation occurred.

A background investigation collects information regarding an agent's history of criminal charges, credit history (when applicable and allowed by law), insurance licensing history, Office of Inspector General records, and General Service Administration excluded party records. Results are examined against predefined criteria. A Pass-Fail scoring methodology is employed.

Pass – the contracting process continues

Fail – the results of the background investigation are reviewed by a senior ALM analyst. If the review supports the initial result, the contracting process terminates and you receive notification of the decline to appoint due to background investigation. The notification letter includes appeal submission instructions. (Refer to Appeal of Denial Due to Background Investigation section).

Periodic Investigation

On a periodic basis, a background investigation is ordered for all non-employee agents (all levels), solicitors, and principals who have an active Party ID.

- A notification letter is sent to you informing you of the upcoming background investigation. The notification letter provides instructions on how to notify ALM if you do not authorize the investigation.

Section 2: How do I Get Started

- Agents, solicitors, and principals who do not authorize the background investigation are immediately terminated not-for-cause upon such notification to ALM (this termination includes agencies of these principals, if the principal does not authorize the background investigation).
- The periodic background investigation review follows the same process outlined in the Initial On-Boarding section above, except credit history information is not collected. An active agent who fails the periodic background process will receive a 30-day termination notice, regardless of channel or level (solicitors included).
- Proactive Background Review
Effective 08/01/2017, to expedite the periodic background investigation process, an investigation may be paused temporarily in order to obtain clarification of data reported by the background investigation vendor.
 - A communication is sent to the agent requesting the necessary documentation for the agent to pass the review. You must respond to the request within 10 days to complete the background review process.
 - If you miss the deadline or chooses not to participate in the process, the background review will proceed as usual, which may result in a failed background review.
 - Agents who do not pass the review are entitled to the standard two-tiered appeal process.

On a monthly basis, ALM accesses the Office of Inspector General (OIG) –U.S. Department of State Health & Human Services website (www.oig.hhs.gov/exclusions) and downloads the list of excluded individuals/entities. The list is analyzed against the active agent population to ensure active agents have not appeared on the list since the previous month. Any agent or agency appearing on the list is terminated in accordance with their agreement.

On a monthly basis, ALM access the US General Services Administration (GSA) housed in the System for Aware Management (SAM) website to download a list of excluded individuals/entities. The list is analyzed against the active agent population to ensure active agents have not appeared on the list since the previous month. Any agent or agency appearing on the list is terminated in accordance with their agreement.

Appeal of Decline Due to Background Investigation

A two-tier appeal process is offered to agents who are declined due to background investigation results.

Appeals must be in writing, include your name and address, and provide detailed information explaining the mitigating circumstances regarding the findings of the background investigation, including correction of errors or explanation of extenuating circumstances. An optional Background Appeal Form is available on **Jarvis**, may be used to submit the appeal documentation.

All appeal documentation is uploaded to the agent's file in the document management system. Appeals may be emailed to the Agent Lifecycle Management Department:

Email: big.notifications@uhc.com

First-Level Appeal – Tier I

Initial, Tier I, appeals are reviewed and determinations made by designated ALM staff specifically trained to review background investigation results. If the ALM analyst who made the original decision to decline the agent based on the background investigation results also conducts the Tier 1 appeal review, in order to obtain an impartial decision the analyst will solicit input from other analysts trained in background investigation reviews or a review by leadership will be requested.

- The ALM specialist will review the background investigation results, appeal letter and attachments, and other pertinent documents and make a determination to approve or deny the appeal.
- If the appeal is approved, the contracting process will resume. New documents may be required if they no longer meet signature date requirements.
- If the appeal is denied, a denial notification letter is sent via email and postal mail to you that describes your right to a second appeal and the process. The applicable NMA or eAlliance will receive a copy of the notification letter.

Second-Level Appeal – Tier II

An appeal submitted following a Tier I denial is considered by the Background Tier II Appeal Committee. The committee includes senior-level distribution operations and field sales representatives; meets, as needed; and maintains meeting notes (used to document relevant aspects of the meetings including attendees, appeals reviewed, decisions rendered and by whom).

- Tier II appeals must contain additional information explaining what was missed in the initial reviews and/or errors regarding the background investigation not revealed previously.
- The Background Tier II Appeal Committee reviews the appeal and pertinent documents, renders a decision, and forwards the appeal documentation with noted decision to ALM.
- ALM facilitates processing and documenting the appeal, including the communication of the final decision to you and the applicable NMA or eAlliance.
- If the appeal is approved, the contracting process will resume. New documents may be required if they no longer meet signature date requirements.
- If the appeal is denied, a denial notification letter is sent via email and postal mail to you. The applicable NMA or eAlliance receives a copy of the notification letter.
- The decision of the Background Tier II Appeal Committee is final and may not be appealed.

Waiting period to Submit a New Contract Packet

An agent who is declined due to background investigation results must wait one year from the date of their notification letter to submit a new contract packet. If you appeal the decline, you must exhaust both appeal level options and wait one year from the date of the original background decline date to submit a new contract packet.

Errors and Omissions (E&O)/Professional Liability Insurance

Each non-employee agent representing UnitedHealthcare must carry and maintain continuous E&O/Professional Liability insurance coverage and provide proof of coverage (e.g. carrier's declaration page) upon request. Failure to carry and maintain proof of E&O/Professional Liability coverage is grounds for termination.

Section 2: How do I Get Started

The following guidelines apply:

- The policy must specifically state “Errors and Omissions” or Insurance Agent/Broker Professional Liability.
- The declaration page or certificate of insurance must state the policy number, policy limits, policy period (issue and expiration dates), and carrier.
- Minimum insurance is required. E&O/Professional Liability insurance is required at a minimum of \$1,000,000 per claim and/or \$1,000,000 aggregate.
- E&O/Professional Liability for a corporation should state who is covered by the policy (e.g., the corporation, principal, and/or its employees or subcontractors.)
- Blanket E&O/Professional Liability coverage must explicitly state who the policy covers:
 - ~ Entities that have blanket E&O coverage for their down-line agents may provide a non-carrier produced listing of those covered, as long the down-line is classified as an agent or solicitor level. The listing must be on the entity’s letterhead, provide the agent or solicitor’s full legal name, and be signed by the entity’s principal. Agents or solicitors can be added by providing either an update to the original listing or a separate letter.
 - ~ General Agent (GA) level and above producers must have their own E&O coverage or their name must appear as the certificate holder (or similar) on the confirmation of insurance of a blanket policy.
 - ~ Contracted entities may provide E&O/Professional Liability coverage by submitting a non-carrier produced listing of covered individuals. The listing must be on the business entity’s letterhead, provide covered individual’s full legal name and signed by the entity’s principal. EDC entities may provide coverage for their down-line employees, affiliated producers, agents, and/or subcontractors who are contracted at the individual agent level.
- E&O/Professional Liability for a principal covers the corporation, but not specifically the employees or subcontractors of the corporation.
- If you are not insured by a corporate policy, you may have individual E&O/Professional Liability insurance. The policy should be in your name.
- Submission of E&O/Professional Liability coverage documentation is not required unless specifically requested and may be sent to uhpcred@uhc.com.

Appointment

You must be licensed and appointed (if applicable) in each state in which you represent UnitedHealthcare in the marketing and/or sale of UnitedHealthcare Medicare Solutions products.

When all contracting and certification requirements are met, ALM will submit state appointment requests to each state requested on the Relationship Hierarchy Addendum.

On-Boarding and Agent Readiness Fees

Appointment Fees (EDC Only)

- UnitedHealthcare pays all appointment fees upon submission to each state.
- All resident state appointment fees are the responsibility of UnitedHealthcare
- Non-resident state appointment fees on any new or renewal appointments are the responsibility of the entity requesting appointment (i.e. agent, solicitor, and applicable up-line levels). Note:

Section 2: How do I Get Started

For a solicitor, the up-line that receives commissions on the solicitor's sales is responsible for the solicitor's non-resident appointment fees.

- Fees for which the entity requesting appointment is responsible are collected by UnitedHealthcare via a debit against the respective entity's commissions or override as applicable.
- Non-resident state appointment fees in states where appointment fee collection from an agent is prohibited are exempt from this requirement.

Annual Sales Production Evaluation Period Administrative Fee Effective 07/01/2022

Any EDC agent/agency (not including solicitors or eAlliance) who had an active writing number at any time during the recurring 12-month evaluation period (i.e. the period begins the first full month an agent's writing number was issued* and ends 12 months later) and did not write at least one MA plan, PDP, or Medicare Supplement plan enrollment application (i.e. submitted and approved active member application) will be assessed a \$200 administrative fee.

Writing Number (Agent ID) Notification

You receive a writing number (Agent ID) as part of your on-boarding process. An active writing number allows you to access marketing and sales materials on Jarvis, must be indicated on each enrollment application written by you, and is used to accurately credit you with the sale of a policy. Once the appointment request is submitted to the state, you are set to active status in the contracting system, a writing number is issued and your Agent Agreement is executed with the Chief Sales Distribution Officer's signature. A Welcome Letter, which contains your writing number and the first page and the executed signature page of your Agent Agreement, if applicable, is emailed to you with a copy of the Welcome Letter sent to your NMA or eAlliance. All agents are expected to confirm state appointment approval via Jarvis prior to marketing/selling any product.

Agent/Agency Level, Alignment, or Channel Change Requests

For all changes in contracting level, hierarchy, or channel, residual override commissions are retained by the hierarchy in place at the time of the original sale and do not follow the moving agent/agency.

- Release and Notice of Intent Requirements
When an agent/agency contracted with UnitedHealthcare wants to align under a new hierarchy or change channels, a Letter of Release or Notice of Intent is required unless the change results in an employment relationship with UnitedHealth Group or its affiliate or a telesales vendor contracted with UnitedHealthcare.
- ~ Release Process
 - For an EDC agent/agency, only the highest contracted entity in the agent/agency's current hierarchy (or UnitedHealthcare if applicable) may, at its discretion, provide the agent/agency with a full release to leave the hierarchy (even if the agent/agency self-terminated within six months of submitting new contract paperwork).
 - Upon receipt of the release, you may move to a new channel or hierarchy. While there is no waiting period to contract under a new hierarchy or channel, ALM does not process contracting change requests during a blackout period that runs annually September 1 through December 31. The new contracting packet, which must include the Letter of

Section 2: How do I Get Started

Release, must be received by ALM no later than August 31 in order to align under the new hierarchy or channel by the start of the Annual Enrollment Period (AEP).

- You may only move to a contracting level equal to or lower than their current contract level and must stay at that level for a minimum of one year.
- If the current NMA (or highest upline agency or UnitedHealthcare, if applicable) will not provide a release, you may terminate your agreement with UnitedHealthcare and contract under a different NMA or field-based channel, at the same or lower contract level no less than six months after your termination effective date. Normal contracting rules apply. Refer to the Termination Section for termination details and treatment of the agency's down-line.

~ Notice of Intent Process

- Agencies (GA and above) are not permitted to use the Notice of Intent Process.
- You must be in your current channel and under your current NMA and/or in your current hierarchy level for at least six months prior to submitting a notice of intent and can only change channels or EDC or IMO hierarchy once every 12 months from the effective date of your current agreement or hierarchy change, whichever occurred most recently.
- You must email your notice of intent to UnitedHealthcare at shcerts@uhc.com and the top level of your current hierarchy, indicating the name of the up-line under which you intend to move or if you are moving to the ICA or IMO channel.
- Upon receipt of the notice of intent, UnitedHealthcare will send a reply letter to you, with a copy to the current NMA and intended NMA or applicable UnitedHealthcare sales leader if moving to the ICA or IMO channel, indicating the date when the six-month waiting period expires.
- A six-month waiting period begins on the date UnitedHealthcare receives the email. During the waiting period, you and your down-line, if applicable, may continue to write UnitedHealthcare business. If, during the six-month waiting period, you decide to move to a different entity than indicated in the notice of intent, you must submit a new notice, which begins a new six-month waiting period.
- Once the notice of intent is submitted to the current up-line, the current up-line may not make changes to the transferring agent's hierarchy unless the transferring agent provides written notice to make changes.
- ALM must receive required contracting paperwork (i.e. Appointment Application and Relationship Hierarchy Addendum, and, only if moving level, a new contract agreement) within 30 days of the expiration of the waiting period except as noted below.
 - ALM does not process contracting change requests during the Blackout Period (September 1 through December 31). Therefore, in order to move to a new channel/hierarchy by the start of an Annual Enrollment Period, the new contracting packet must be received by ALM before the blackout period begins September 1.
 - If ALM does not receive required paperwork within the required timeframe, you must submit a new notice of intent, which begins a new six-month waiting period.

Non-Employee Field-Based Agent or Agency (GA and above) Hierarchy Change or Move to Different Field-Based Channel

To align under a new hierarchy or move to a different field-based channel you must be active with UnitedHealthcare, submit a Letter of Release or Notice of Intent (not available to agencies GA and

Section 2: How do I Get Started

above) as required, and when aligning under a new NMA or IMO, the new NMA or IMO must be active with UnitedHealthcare.

- Agent/Agency Agreement and Writing Number
 - You may only move to a contracting level equal to or lower than your current contract level and must stay at that level for a minimum of one year before being eligible for a promotion.
 - A new agent/agency agreement is not required unless you are changing levels or channels.
 - The new NMA or UnitedHealthcare sales leader for moves to the ICA or IMO channel must submit required paperwork to ALM, which may include a signed agreement, Relationship Hierarchy Addendum, and W9.
 - If release/notice of intent and contracting requirements are met, ALM will deactivate your current writing number, issue a new writing number, and execute a new Agent or Agency Agreement, if applicable, with the Chief Sales Distribution Officer's signature. A Welcome Letter containing the new writing number and copy of the executed Agent or Agency Agreement, if applicable, is emailed to you, with a copy of the Welcome Letter sent to the new NMA, IMO, or applicable UnitedHealthcare sales leader. Note: Commission will not be paid on any enrollment when an inactive writing number was indicated on the application.
- Treatment of Down-line Entities
 - It is not required for the down-line agents and agencies to submit separate notices of intent.
 - The new up-line must submit required paperwork (i.e. Appointment Application and Relationship Hierarchy Addendum, and, only if moving level, a new contract agreement) for each down-line entity moving with the agent/agency.
 - A down-line entity must contract at a level equal to or lower than their current contract level.
 - If paperwork requirements are met, the down-line entity's current writing number is inactivated, and a new writing number is issued. Note: Commission will not be paid on any enrollment when an inactive writing number was indicated on the application.
 - If ALM does not receive required paperwork for a down-line entity within the required timeframe, the down-line entity will be reassigned to the next immediate level in their current NMA hierarchy.

Non-Employee Field-Based Agent Move to ISR or Telesales (Internal or Vendor) Channel

Any non-employee field-based agent who is hired by UnitedHealth Group or its affiliate for an internal sales role (e.g. ISR or Telesales) or is hired by a telesales vendor contracted with UnitedHealthcare is deemed released from their prior hierarchy as of their date of hire with UnitedHealth Group or its affiliate or the vendor. The agent's contract must be terminated prior to the date of hire.

Servicing Status and Successor Programs

Servicing Status - Non-Active Renewable Eligible Non-Employee Agent

Non-Employee agents terminated not-for-cause must enter servicing status prior to the effective date of their termination in order to receive renewal commission for Medicare Advantage (MA) plan and

Section 2: How do I Get Started

Renewal commissions for MA plan and PDP with an effective date on or after 01/01/2014 will permanently cease as of the servicing status termination date.

Successor Agent Program – Renewal Eligible Non-Employee

Certification Program

The UnitedHealthcare Medicare Solutions certification program will meet or exceed agent training and testing requirements issued annually by CMS. Certification materials are reviewed and updated annually or as new regulations are released.

Certification materials, which consist of one reference guide for all certifications and assessments. Once upcoming plan year certification materials are posted, current year certification materials are unavailable; therefore, an individual who is not certified for the current year, must become certified in the product for the upcoming plan year in order to market and sell the current year's product.

Certification consists of the following elements:

- Pledge of Compliance and Conflict of Interest (COI) attestations.
- Base Level certification requirements which include Medicare Basics (MA Non-SNP, PDP, and Medicare Supplement), Ethics and Compliance, and AARP.
- Next Level product certification which may be offered in; Dual (D-SNP), Chronic (C-SNP), Institutional* (I-SNP), and Institutional Equivalent* (IE-SNP) Special Needs Plans; Senior Care Options* (SCO) plans; Events Basics. *Certification in I-SNP, IE-SNP, and SCO product is by invitation only. Note: Next Level certifications are not required to complete certifications. However, agents who will market/sell these plans must complete the corresponding Next Level product certification.

Section 2: How do I Get Started

When you pass or are given credit for the field Medicare Basics assessment, conditional credit is given for product certification in non-special needs MA Plans, Medicare Supplement Insurance plans; and stand-alone PDPs. You must pass the remaining field Base Level assessments (Ethics and Compliance and AARP) in order to be certified in those products.

An individual is considered portfolio certified when they are product certified in MA plans, PDP, Medicare Supplement Insurance plans, CSNP, and DSNP.

Medicare Basics, Ethics and Compliance, and Next Level product assessments have a minimum passing score of 85%. The AARP assessment has a minimum passing score of 70%. Six attempts are permitted to pass an assessment. If you fail to pass a base level assessment within the allotted six attempts, you are prohibited from marketing/selling any product in the UnitedHealthcare Medicare Solutions portfolio for the applicable plan year. If you fail to pass a product assessment within the allotted six attempts, you are prohibited from marketing/selling that product for the applicable plan year. Additionally, you cannot attempt to complete AHIP upon failure of UnitedHealthcare Medicare Basics course as a way to avoid the six failure limit.

External Vendor Certification Courses

- UnitedHealthcare currently accepts and provides partial certification credit to agents who pass the America's Health Insurance Plans (AHIP) annual certification course with a minimum score of 90% within six attempts. To receive credit, you must transfer your passing score **prior** to beginning the UnitedHealthcare certification program for the applicable plan year. Upon successful transfer of a passing score, you are given credit for the field Medicare Basics assessment (see the Certification Program section above for details). If you fail to pass the AHIP course within six attempts, you are not permitted to restart the certification process through UnitedHealthcare and are not permitted to sell any UnitedHealthcare Medicare Solutions products for the applicable plan year.

You must access certification program materials using your assigned log in IDs and passwords and must take and complete assessments on your own behalf. You are not to use assistance when completing an assessment, including, but not limited to sharing/comparing answers, taking the exam as a part of a group, or using answer keys. If you are found to have used assistance in completing an assessment, you will be subject to discipline up to and including termination with cause.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

Third-Party Marketing Organization (TPMO) Outreach Requirements

Effective 10/01/2022, TPMOs as defined by CMS must comply with TPMO call recording, disclaimer, and disclosure requirements. All entities and individuals contracted directly with UnitedHealthcare are considered first tier, downstream or related entities (FDRs) and, therefore, TPMOs. TPMOs also include any entity contracted or subcontracted by an FDR that provides services to UnitedHealthcare or UnitedHealthcare's FDR, including solicitors.

- TPMOs must record as prescribed by CMS all telephonic conversations with a consumer/member, retain recordings for a minimum of 10 years, and make the recordings available upon request. TPMOs must protect consumer/member PHI/PII and the recording and storage of calls must meet UnitedHealthcare security requirements. Refer to the Privacy and Security section for guidelines.
- TPMOs must use, where applicable, a standardized disclaimer that states, "We do not offer every plan available in your area. Any information we provide is limited to those plans we do offer in your area. Please contact Medicare.gov or 1-800-MEDICARE to get information on all of your options." The disclaimer must be as follows:
 - ~ Used by any TPMO that sells MA plans on behalf of more than one MA organization unless the TPMO sells all commercially available MA plans in a given service area, and by any TPMO that sells Part D plans on behalf of more than one Part D Sponsor unless the TPMO sells all commercially available Part D plans in a given service area.
 - ~ Verbally conveyed within the first minute of a sales call.
 - ~ Electronically conveyed when communicating with a beneficiary through email, online chat, or other electronic means of communication.
- TPMOs must comply with lead generation disclosure requirements. Refer to the Lead Generation section for TPMO lead generation disclosure requirements.

Educational Events

Educational events are designed to inform Medicare consumers about Original Medicare, Medicare Advantage plans, Prescription Drug Plans, or other Medicare-related plans that do not include marketing. The purpose of an educational event is to provide objective information about the Medicare program and/or health improvement and wellness. The plan sponsor or an outside entity may host an educational event.

In addition to all other regulations, rules, policies, and procedures, the following guidelines apply to educational events:

- When promoting or advertising the event, you must advertise or promote the event as educational or in a manner that would lead consumers to believe that it is explicitly for educational purposes.
- You must not engage in any marketing or sales activity at an educational event that would meet the CMS definition of marketing activities/materials. For example, you must not:
 - ~ Distribute or display marketing materials.
 - ~ Distribute or collect enrollment applications.
 - ~ Discuss plan-specific premiums and/or benefits.

You may:

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- Respond to consumer-initiated questions asked at an educational event, provided that the scope of the response does not go beyond the questions asked and does not include the distribution or acceptance of enrollment applications and/or marketing materials. If asked about plan benefits, premiums, or copayments, suggest that consumers call UnitedHealthcare, visit the plan website, or schedule a future marketing appointment for further information.
- Provide meals or food items (provided they are permitted by the venue) as long as the retail value, when combined with any other gift, does not exceed \$15 on a per person basis (refer to the Gifts and Meals section for additional information).
- Conduct an educational event in a location where an entrance fee may be required to attend (e.g., health fair). However, no fee can be charged to attend the educational event setup or to receive information.

Marketing/Sales Events and Appointments

Marketing/sales events and appointments are designed to steer or attempt to steer members or consumers toward a specific plan or a limited set of plans or for plan retention activities. The following are types of marketing/sales events and appointments:

Formal marketing/sales events are typically structured in an audience/presenter style with an agent formally providing specific plan sponsor information via a presentation on the products being offered. In this setting, the agent usually presents to an audience that was previously invited to attend.

Informal marketing/sales events are conducted with a less structured presentation and/or in a less formal environment and are intended for a passerby type of audience. They typically utilize a booth, table, kiosk, or recreational vehicle (RV) that is manned by an agent who can discuss the merits of the plan's products.

Personal/individual marketing appointments typically take place in the Medicare consumer's residence; however, they may take place in other venues such as a coffee shop, over the phone, or online. All individual appointments between an agent and a consumer/member are considered marketing/sales appointment regardless of the content discussed.

In addition to all other regulations, rules, policies and procedures, the following guidelines apply to marketing/sales activities, appointments, and events:

You must:

- If marketing materials are used, the marketing materials must be approved by UnitedHealthcare and filed in HPMS prior to use.
- Use UnitedHealthcare approved plan materials to present information on UnitedHealthcare plans.
- Use the most current marketing materials, including scripts, sales presentations, and enrollment materials, unless allowed otherwise.
- Use UnitedHealthcare provided materials for the intended purpose and without modifications.
- Provide plan related materials upon consumer request. Materials may be provided in any available format requested by the consumer.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- For informal and formal marketing/sales events:
 - ~ Take and pass the Events Basics assessment for the applicable plan year prior to reporting, conducting, and/or participating in a marketing/sales event. Note: Agents who only participate in the Multi-Carrier Program (to conduct informal sales events at Walmart in-store kiosks) are not required to complete the Events Basics module/assessment.
 - ~ Report all informal and formal events to UnitedHealthcare according to the process outlined in the Event Reporting section.
 - ~ Ensure all events, even those with no RSVP collection and/or not advertised, are open to the public. Note: only events that request RSVP collection are viewable to Telesales agents to promote to the consumer and/or accept an RSVP. You are expected to inform venues that typically have a closed membership, such as Knights of Columbus or Elks Club, that any consumer that wants to attend the event must be permitted entrance to the venue.
 - ~ Conduct events in appropriate venues. Prohibited venues include gambling areas of casinos, for-profit bingo facilities, and areas where health care is provided (e.g., pharmacy counter, exam room). Discretion should be used when selecting a venue to ensure the reputation of UnitedHealthcare is not compromised.
 - ~ Make a reasonable attempt to notify front desk staff/employees at the venue of the event, room number, and time of event so the staff can direct consumers appropriately. If allowed, post signage directing the consumer to the event location.
 - ~ Clearly announce at the beginning of the presentation your name and title, the company you represent, and the product/plan type (e.g., HMO, MA, MA-PD, PDP, PFFS, POS, PPO, and SNP) that will be covered during the presentation.

You must not:

- Charge a consumer/member any type of marketing fee in order to conduct marketing/sales activities.
- Solicit or accept enrollment applications from individuals who do not have a valid election period (e.g., Annual Enrollment Period (AEP) or Special Election Period (SEP)) as set by CMS.
- Market and/or sell outside of eligible periods (e.g., marketing for a new plan year prior to October 1). Marketing, selling, or distributing plan materials outside of eligible marketing periods is prohibited and is subject to corrective and/or disciplinary action up to and including termination.
- Knowingly target or send unsolicited marketing materials that reference the Medicare Advantage Open Enrollment Period (“MA OEP”), or otherwise market the MA OEP, to any current MA or PDP member. For example, the following are prohibited:
 - ~ Send unsolicited materials advertising the ability/opportunity to make an additional enrollment change or referencing the MA OEP.
 - ~ Specifically target members who are in the MA OEP because they made a choice during the AEP by purchase of mailing lists or other means of identification.
 - ~ Engage in or promote activities that intend to target the MA OEP as an opportunity to further sales.
 - ~ Call or otherwise contact former members who have selected a new plan during the AEP.
- Conduct health screening or other like activities that may be perceived as, or used for, “cherry picking”, which is engaging in any practice that may reasonably be expected to have the effect of denying or discouraging enrollment of individuals whose medical condition or history

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

indicates a need for substantial future medical services, (e.g., blood pressure and/or cholesterol checks, blood work).

- Steer consumers to specific providers or provider groups, practitioners, or suppliers. You may provide the names and contact information of providers contracted with a particular plan when asked by a consumer.
- Discuss plan options that were not agreed to by the consumer in advance, on the SOA, sales event signage, or promotional notification unless requested by the consumer.
- Market non-health related products (e.g., annuities or life insurance) while marketing a Medicare-related product. This is considered cross-selling and is prohibited.
- Compare one plan sponsor to another by name unless both plan sponsors have concurred or you are certified and appointed (if necessary) with both carriers.
- Provide a meal to attendees.
- For informal or formal marketing/sales events you must not:
 - ~ Conduct an event at a venue when a free or subsidized meal is being served. If a meal is served as part of the venue's daily activity, (e.g., senior center, cafeteria, soup kitchen, shelter), the event may not be conducted while the meal is being served.
 - ~ Conduct marketing/sales activities or events in restricted areas of a healthcare setting. Restricted areas generally include but are not limited to exam rooms, hospital patient rooms, treatments areas where patients interact with a provider and their clinical team and receive treatment (including, dialysis treatment facilities) and pharmacy counter areas.

You may:

- During the MA OEP (January 1 – March 31):
 - ~ Conduct marketing activities that focus on enrollment opportunities to age-ins (who have not made an enrollment decision), marketing by 5-star plans regarding their continuous enrollment SEP, and marketing to dual-eligible and LIS recipients who, in general, may make changes once per calendar quarter during the first nine months of the year.
 - ~ At the request of the consumer or member, send marketing materials (i.e. when a consumer or member makes a proactive request.
 - ~ At the consumer or member's request, have a personal/individual marketing appointment to facilitate an enrollment.
- Conduct marketing/sales activities, appointments and events in common areas of a healthcare setting, (e.g., common entryways, vestibules, waiting rooms, hospital or nursing home cafeterias, and community, recreational or conference rooms) after obtaining approval from the provider.
- Conduct a marketing/sales event directly following an educational event, at the same venue. In addition to all other guidelines, the following guidelines apply:
 - ~ If applicable, advertisements that contain content for both an educational event and a marketing/sales event must make it clear that the educational event and marketing/sales event are separate and clearly identify which event is applicable for any meals, gifts, giveaways or activities. Advertisements must not be misleading (e.g., misleading that a meal will be available for a marketing/sales event) and must clearly identify that the educational event is for educational purposes only and that the marketing/sales event will contain marketing/sales activities.
 - ~ Both events must be conducted in its entirety and compliant with all applicable rules.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- ~ Consumer must be made aware of the change in events and must be provided an opportunity to leave
- ~ You must not conduct marketing/sales activities (e.g., present, display, distribute, or pre-set marketing materials) during an educational event and must not conduct activities (e.g., serving a meal) only allowed during an educational event during a marketing/sales event.
- Provide a nominal gift and refreshments to attendees with no obligation.
- Distribute compliant brochures and enrollment materials.
- Hand out business cards.
- Provide and/or discuss plan specific information (e.g., premiums, cost sharing, or benefits) during a valid marketing and election period. You are permitted to simultaneously market current year plans and prospective year plans starting on October 1, provided the marketing materials clearly indicate what plan year is being discussed.
- Include educational information or an educational component to marketing/sales activities, appointments, or events.
- Solicit and accept enrollments during a valid marketing and election period.
- Assist consumers with the completion of an enrollment application using approved methods of enrollment and submission.
- Market health-related products if the consumer is aware of the scope of products at the start of the sales event and for a personal/individual appointment, if discussion concerns only previously agreed upon products in the SOA. Examples of health-related products include medical, dental, prescription, and long-term care.
- For informal and formal marketing/sales events:
 - ~ Conduct a marketing/sales event immediately following an educational event at the same venue provided each event, in its entirety, is conducted separately and in compliance with applicable rules.
 - ~ For a formal event when only one consumer is present, offer to the consumer the option of conducting the event in a sit-down style, similar to a personal/individual marketing appointment, rather than in an audience-presenter format. However, you must still complete a full presentation of the reported plan.

Informal Educational or Marketing/Sales Events

In addition to all other regulations, rules, policies, and procedures related to educational and marketing/sales activities, the following guidelines apply to informal educational and marketing/sales activities:

You must:

- Post a visible notice, indicating the time of return, when leaving the event unattended for any reason (e.g., lunch break, assisting another consumer).
- Post the dates you will be onsite if recurring events utilizing a UnitedHealthcare-provided kiosk are scheduled.
- Place the table/booth/kiosk in a manner to protect against the disclosure of consumer PHI/PII.

You must not:

- Conduct an event in such a way as to obstruct the consumer's entrance or exit from the venue or to give any impression that attending the event is a requirement to visiting the venue.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- Proactively approach consumers anywhere in the venue. Consumers must initiate contact with you. You may greet passersby (e.g., Good Morning, Hello).
- Conduct an event in a provider setting (e.g., pharmacy, clinic, hospital) without first obtaining permission from the provider.
- Leave the event unattended during the advertised event time or when a sign indicates that you will be available.

You may:

- Wait behind the booth/table for a consumer to request information.
- Begin the event with a short introductory presentation conducted in an audience/presenter format, which must not include a plan presentation. The introductory presentation may include an agent introduction and/or Medicare, health care, and/or plan educational content and may be provided by the agent conducting the event or a non-licensed individual such as a provider (all rules related to provider-based activities apply).

Marketing/Sales Appointments

In addition to all other regulations, rules, policies, and procedures related to marketing/sales activities, the following guidelines apply for marketing/sales appointments:

- You must conduct a needs assessment in order to determine and present the best plan suited for the consumer and determine consumer eligibility.
- For MA plan and PDP enrollments, the consumer must have an Enrollment Guide at the time of enrollment. For a Medicare Supplement plan enrollment, the enrollment kit must be provided to the consumer prior to enrollment. Field agents must provide an Enrollment Guide for MA plan or PDP **plan presentation. MA plan or PDP information may be provided via postal mail or with consumer permission via email.** Enrollment **information must be provided** for Medicare Supplement plan presentations. **Medicare Supplement enrollment information may be provided** via postal mail **or with consumer permission via email or text**). You may add your writing number to the enrollment application prior to providing the Enrollment Guide to the consumer.
- A complete presentation of the identified plan must be provided.
- After the sales presentation, you may assist the consumer with the completion of the enrollment application using approved methods of enrollment and submission. You are prohibited from enrolling a consumer who is not **physically present** in the United States as of the signature date on the enrollment application.

Online Events and Appointments

In addition to all other regulations, rules, policies, and procedures related to educational and marketing/sales activities, the following guidelines apply for online events and appointments:

- UnitedHealthcare is **online meeting** provider agnostic and does not promote, endorse or approve one online meeting provider over another.
- You must take steps to protect consumers during an online interaction, including but not limited to, requiring an event password, muting attendee's lines, and disabling cameras when applicable.
- You must meet a consumer's accessibility need, such as closed captioning features, a sign language interpreter, providing materials in advance, and telephonic participation.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

You are permitted to conduct online formal educational and marketing/sales events. The following guidelines apply for online events:

You must not:

- Conduct an online informal event.

Online UnitedHealthcare facilitated formal marketing/sales online events

The following guidelines apply for UnitedHealthcare facilitated formal marketing/sales online events.

- All events must be approved by and scheduled with a UnitedHealthcare sales leader or business development manager online using Zoom as the service provider. Approval is at the discretion of the UnitedHealthcare sales leader or business development manager.
- Upon approval, the UnitedHealthcare sales leader or business development manager must schedule the Zoom and provide the Zoom URL to you. You must coordinate with your UnitedHealthcare sales leader or business development manager to report the event (including the Zoom URL in the Venue field) in UnitedHealthcare's event reporting application (refer to the event reporting section for details).
- Prior to advertising the event, you must have approval to conduct the event and secure a date and time for the event.

- You must not contact attendees using a Zoom roster. The roster is considered the same as a sign-in sheet used at an in-person event, which does not provide PTC.

UnitedHealthcare MedicareStore

UnitedHealthcare MedicareStores are considered a UnitedHealthcare office. In addition to all other regulations, rules, policies, and procedures related to marketing/sales activities, the following guidelines apply:

- Days and hours of operation as a UnitedHealthcare office must be reported in UnitedHealthcare's event reporting application. However, when operated as a UnitedHealthcare office, the activity is not considered a formal or informal marketing/sales event.

- Activities and promotions to drive visitors to the UnitedHealthcare MedicareStore must comply with all CMS regulations and UnitedHealthcare rules, policies, and procedures, e.g., offering free hearing exams to increase store attendance is prohibited because offering a health screening during a marketing/sales activity is prohibited.

Gifts and Meals/Refreshments

Gifts

You may offer nominal gifts (i.e. giveaway) to consumers at all educational and marketing/sales activities as long as such gifts are of nominal value (\$15 or less \$75 aggregate, per person per year), provided the gift is given regardless of whether the consumer enrolls and without discrimination.

- Gifts and giveaways offered by agents for attending marketing/sales activities must not be items or services that are considered drug or health benefits, including optional mandatory supplemental benefits (e.g., a free checkup, health screening, hearing test; blood pressure and/or cholesterol checks). Note: You are allowed to hold marketing/sales events at health fairs where health screenings are occurring as long as there is a separation between your location and the health screening booth, and you are not providing, or does not appear to be providing, health screening services to the consumers.
- Gifts must not be food items or refreshments that in type or quantity, regardless of value, could reasonably be considered a meal or that are **not** intended for on-site consumption (e.g., beverages in cartons larger than single serve, raw or unprepared items such as raw eggs or garden produce, and food bank distribution items).
- If a nominal gift is a chance to receive one large gift or a communal experience (e.g., a concert, raffle, drawing), the total fair market value must not exceed the nominal per person value (\$15)

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

based on anticipated attendance. For example, if 10 people are expected to attend an event, the nominal gift may not be worth more than \$150 (\$15 for each of the 10 anticipated attendees). Anticipated attendance must be based on venue size, response rate, and/or advertisement circulation.

- Nominal gifts in the form of cash, **cash equivalent**, or other monetary rebates are prohibited even if their worth is \$15 or less. The following are prohibited regardless of value or merchant: gift cards (except gift cards allowed under an approved marketing promotion as noted below), gift certificates, vouchers, coupons or charitable contributions made on behalf of the consumer regardless of event type or venue. Gift card promotions are not permitted unless approved by Legal; Marketing and Sales Compliance; and the applicable Regional Vice President of Sales prior to implementation. Any gift card distributed as part of a marketing promotion must not be convertible to cash or redeemed for Medicare-covered items or services such as prescriptions. Any mechanism for collecting the consumer's contact information in order to process the request must not be used for lead generation and/or permission for contact purposes.
- Contests and Drawings
 - ~ When no prize, regardless of value, is to be awarded to a contest winner, you may conduct in-person or online BINGO games or conduct drawings without obtaining approval, from UnitedHealthcare and completing Rules of Entry documentation requirements. Examples of acceptable acknowledgement of a winner include applause or certificate.
 - ~ When a nominal prize (does not exceed \$15 in combination with all other giveaways, including refreshments) is to be awarded to a contest winner, the following requirements must be met:
 - The individual indicated as the "Presenting Agent" must complete, retain, and make available upon request a UnitedHealthcare Rules of Entry document (available on Jarvis) for the applicable contest; AND

- To ensure the one business day reporting requirement is met, you may submit a CHANGE Event Request Form to UnitedHealthcare at least six business days prior to the date of the event.
- If the one business day requirement cannot be met, you must immediately contact your UnitedHealthcare sales leader to discuss required action(s).
- When a change occurs to the venue location, date, start time and/or end time of an event, it is considered a cancellation and requires cancellation of the event and entry of a new event (new event reporting and cancellation notification rules apply). Refer to the “Cancellation of a Reported Event” and “Notification of Change/Cancellation” sections.
- When a change occurs to the presenting agent, the new presenting agent must meet credential validation (i.e. licensed and appointed, if applicable, in the state where the event will occur, certified in the product indicated, and has passed the applicable Events Basics assessment) in order for the change request to process.
- The UnitedHealthcare sales leader is responsible for ensuring any necessary changes are made to reported events upon termination of an agent.
- Agents who fail to report changes to an event or report changes late are subject to corrective and/or disciplinary action up to and including termination.

Cancellation of a Reported Marketing/Sales Event

Every effort should be made to avoid cancelling a reported event. If possible, another qualified agent should be utilized to conduct the event. Cancelling an event less than one business day before the scheduled start time is prohibited except in the case of inclement weather. In such cases, you are expected to exercise appropriate discretion when deciding a course of action.

- For advertised events, you are responsible for advertising the cancellation in the most feasible manner available based on method used to advertise the event and time between cancellation and the originally scheduled date and time. If it is not feasible to advertise the change/cancellation through the same means as the original advertisement (e.g., via newspaper), you are responsible for working with your UnitedHealthcare sales leader on appropriate notification (e.g. posting a notification at the venue).
- You are responsible for ensuring notification to all consumers that RSVP to an event that has been cancelled (or the venue location, date, or time changed). Only consumers who provided Permission to Call (PTC) can be contacted by telephone.
- All steps taken to notify consumers must be documented (noting date, time, and method of notification). All cancellation notification documentation must be made available upon request.

The representative must remain at the venue of a formal marketing/sales event for at least thirty minutes after the scheduled start time to advise anyone arriving for the event of the change/cancellation and redirect attendees to another meeting in the area or provide a sales agent's business card. For informal events, a representative must remain for the entire scheduled time of the event. (Note: This requirement does not apply in cases of cancellation due to inclement weather; however, you must attempt to notify the venue and request a sign/notice be posted.)
- If the change/cancellation is reported and RSVPs have been notified seven calendar days or more before the original date of the event, then there is no expectation that a representative of the plan should be present at the site of the event.

Using a third party individual who is not an employee of the UnitedHealth Group or an approved sign language interpreter vendor is prohibited.

Scope of Appointment

All personal/individual marketing appointments whether or not an enrollment results, require a SOA agreement. Educational and marketing/sales events do not require a Scope of Appointment agreement be obtained in advance of the event.

- You must obtain a SOA agreement through compliant methods from each Medicare-eligible consumer (including any unexpected Medicare-eligible individuals present) prior to the start of a personal/individual marketing appointment (e.g., in-person, telephonic, online, pre-scheduled, spontaneous, and regardless of the venue) when a Medicare Advantage and/or Prescription Drug Plan may be discussed.
- The agreement must capture the scope of products that the consumer agrees may be presented at the appointment and must reference MA and/or PDP products and may include other health-related products, such as Medicare supplement insurance, dental, vision, and hospital indemnity.
- A SOA agreement must be obtained regardless if a marketing appointment is initiated by the consumer or you.
- Compliant SOA mechanism includes:
 - ~ Electronic Scope of Appointment (eSOA). UnitedHealthcare makes LEAN eSOA available to field agents for in-person and remote signature (email or text message).
 - ~ Voice Signature. You must document the confirmation number obtained via the telephonic voice signature process. Any documentation not captured in LEAN must be retained by you for 10 years and made available upon request.

- Retention
 - A SOA agreement must be retained for a minimum of 10 years from the date of consumer signature and made available upon request.

 - ~ eAlliance agents/agencies and telephonic addendum entities must retain all recorded SOAs.
- Corrective and Disciplinary Action
 - An agent who does not obtain a SOA from all Medicare-eligible consumers or cannot provide a completed SOA upon request may be subject to corrective and disciplinary action.

Agent or Plan-Initiated Provider Activities in a Healthcare Setting

Activities where either an agent requests contracted providers to perform a task or the provider acts on behalf of UnitedHealthcare. For the purpose of agent-initiated activities, you must ensure compliance with requirements applicable to communication and marketing.

Provider-Initiated Activities

Provider-initiated activities are activities conducted by a provider (including a pharmacist) at the request of the patient, or as a matter of a course of treatment, and occur when meeting with the patient as part of the professional relationship between the provider and patient. Provider-initiated activities do not include activities conducted at the request of UnitedHealthcare, agent, or pursuant to the network participation agreement between UnitedHealthcare and the provider. Provider-initiated activities as defined by CMS fall outside of the definition of marketing. Permissible provider-initiated activities include:

Tribes, therefore, possess the right to form their own governments; to make and enforce laws, both civil and criminal; to tax; to establish and determine membership (i.e. tribal citizenship); to license and regulate activities within their jurisdiction; to zone; and to exclude persons from tribal lands.” (Reference: www.bia.gov)

Prior to conducting marketing/sales or educational activities on tribal land, you must:

Marketing in a State with a Medicare-Medicaid Plan (MMP)

- If an MMP-eligible consumer resides in a county where UnitedHealthcare does not have an MMP, the agent is permitted to market to and enroll the consumer in any plan offered by UnitedHealthcare. If the consumer is not full dual-eligible, you may market a UnitedHealthcare plan.
- If there is a UnitedHealthcare MMP available and the consumer is a full dual-eligible, you must contact the Producer Help Desk to determine if the consumer is a possible MyCareOhio member. If the consumer is enrolled in a UnitedHealthcare MMP, the **UnitedHealthcare MyCare Ohio Call Center Team** will contact the consumer.
- You must not present a plan or discuss any MA plan or DSNP options until the consumer has been contacted by the **UnitedHealthcare MyCare Ohio Call Center Team**.

Interpretation of the above definitions of PHI/PII is dependent upon the how the consumer/member information is held (stored), used or treated and the definitions may overlap. PHI exists when held by a HIPAA Covered Entity (health plan) or a Business Associate of one (vendor, agent, etc.).

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

To ensure the proper handling of PHI/PII and maintenance of consumer privacy, the following guidelines apply:

- Position monitors, laptops, and other screens to minimize viewing PHI/PII by unauthorized personnel or the general public.
- Double check the fax number or email address to ensure the intended recipient receives the document. Email PHI/PII using a secure-encrypted program.
- Use a fax cover sheet containing the HIPAA Privacy Statement when faxing PHI or PII.
- Include the HIPAA Privacy Statement when emailing PHI or PII.
- Dispose of documents containing PHI/PII in a secure manner (e.g., shred).
- Report suspected privacy incidents to UnitedHealthcare Privacy Office at uhc_privacy_office@uhc.com, UnitedHealthcare sales leader/leadership, Segment Compliance Lead, UnitedHealth Group Ethics & Compliance Help Center at 1-800-455-4521, or compliance_questions@uhc.com.

- Share user ID's/passwords to UnitedHealthcare systems with others.
- Put consumer/member information on a jump drive (or similar portable storage device) **without prior formal approval** and enable a technical control to restrict use of such devices. Formally

- Scan and/or store paper enrollment applications or business reply cards (BRCs) electronically, except when employee agents use UnitedHealthcare approved applications/platforms (e.g., Optum Technology Tiger Text, Workspace One, or employee's home directory) or when appropriate encryption software is in place to ensure the protection of private data transmission.
- Throw hard copy documents containing PHI/PII in the garbage, unless they have been **cross-cut** shredded.

Marketing to Consumers with Impairments or Disabilities

Agents serving the Medicare eligible population must be aware of and sensitive to the needs that might reasonably be expected within the defined population. Upon request or becoming aware of a situation requiring special accommodations, you must take appropriate actions based on the consumer's linguistic barrier or disability (e.g., obtaining language translation services, access to venue, or rescheduling an appointment to ensure the consumer's authorized legal representative is present).

Section 1557 of the Patient Protection and Affordable Care Act prohibits discrimination in certain health programs or activities and extends nondiscrimination protection to consumers. You may not discriminate based on race, ethnicity, national origin, religion, gender, sex, age, mental or physical disability, health status, receipt of health care, claims experience, medical history, genetic information, evidence of insurability, or geographic location.

You may not target consumers from higher income areas or state/imply that plans are only available to seniors rather than to all Medicare beneficiaries. Special Needs Plans (SNP) and Medicare – Medicaid Plans (MMP) may limit enrollments to consumers meeting eligibility requirements based on health and/or other status. Basic services and information must be made available to consumers with disabilities, upon request.

Consumers with Linguistic Barriers

The Centers for Medicare and Medicaid Services (CMS) provides a list of non-English languages that meet the 5% threshold for each Medicare Advantage (MA) plan and Prescription Drug Plan (PDP). UnitedHealthcare downloads the CMS provided Marketing Language Lookup through the Health Plan Management System (HPMS) in the Marketing Review Module. If the service area of any plan (active or pending) changes after July 1, UnitedHealthcare must conduct its own demographic analysis to determine if the plan has a non-English language meeting the 5% threshold. Instructions on how to perform analysis are contained in the CMS Medicare Part C & D Language Data Technical Notes.

If the primary language of 5% or more of the Medicare consumer population of the service area is a non-English language, the required materials for enrolling consumers and renewing members (e.g., Summary of Benefits, Enrollment Application (including Statement of Understanding), Evidence of Coverage (EOC), Annual Notice of Change (ANOC), Star Ratings, the comprehensive or abridged

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

Formulary, Provider Directory and Pharmacy Directory) will be translated into the identified language upon request.

In addition, UnitedHealthcare provides information regarding the availability of no-cost interpreter services in the enrollment guide, ANOC/EOC, and other significant communications. The information instructs consumers/members on how to obtain no-cost communication services, including the obtainment of an interpreter and/or materials in a variety of non-English languages and alternate formats.

Written Materials (Medicare Advantage Plans)

- If UnitedHealthcare is required to provide materials to enrolling consumers and renewing members in an alternate language for an identified geographic area, approved materials in the non-English language will be available to you for order and/or download in the same location as the English version (e.g., Sales Materials Portal).
- To request the development of custom, non-English materials or the translation of approved materials into a non-English language, you must submit a request to your UnitedHealthcare sales leader for approval from the Sales Regional Vice President.

Translation / Interpreter Services

When a consumer speaks a non-English language and is having difficulty understanding or maintaining a conversation in English and you are not fluent in the non-English language, you must utilize one of the following resources:

- The consumer may be accompanied by and/or authorize an individual, of their choosing, to translate/interpret the information and/or materials. You should make sure the individual assisting the consumer is capable and competent, which generally means the individual is an adult and is capable of translating/interpreting the appropriate meaning of the content from English to the non-English language and vice versa.
- If you are not fluent in the applicable language, you must do one of the following:
 - ~ Direct the consumer to obtain the no-cost interpreter service through the UnitedHealthcare Telesales call center.
 - ~ Refer the consumer to a field agent contracted with UnitedHealthcare who is fluent in the applicable language. Note: Permission to Contact (PTC) rules apply.
 - ~ Through the assistance of your UnitedHealthcare sales leader, enlist the assistance of a UnitedHealthcare employee fluent in the applicable language. You are permitted to use employees of the same agency or up-line fluent in the applicable language or an interpreter services vendor contracted by your agency/up-line. You are prohibited from using individuals who are not employees of UnitedHealthcare (or, for EDC agents, your agency/up-line) or a contracted vendor.
 - ~ During a phone conversation or at a personal/individual marketing appointment, access translation services through UnitedHealthcare's Internal Language Interpretation Services.
 - Dial 1-877-530-9750 (24 hours per day, seven days per week)
 - Select the appropriate prompt based on the desired language;
 - If routed to Language Line Solutions (Teleperformance), enter access code based on channel and select the appropriate prompt based on the desired language
 - **Non-employee agents** – 9 digit region code

If the consumer prefers to communicate in a language other than English, you should ensure the consumer's preference is indicated in the appropriate field on the enrollment application.

Consumers with Disabilities

Basic plan information must be made available in alternate forms to consumers with disabilities, such as visual or hearing impairments, upon request.

Hearing Impaired:

- Member Services maintains a TDD/TTY line to respond to marketing and membership questions from hearing impaired individuals. The TDD/TTY phone number must be listed on all advertising materials that include a telephone number and the enrollment application.
- If you encounter a hearing-impaired consumer, you may:
 - ~ Provide the enrollment guide to enable the consumer to read the materials.
 - ~ Allow the consumer to be accompanied by an individual of their choosing, who can translate/interpret the information and/or materials.
 - ~ If the consumer has an authorized legal representative, provide the enrollment guide directly to the consumer's authorized legal representative for review and enrollment purposes.
 - ~ Provide closed captioning upon request for online formal marketing/sales event presentations.
- Upon consumer request, a sign language interpreter must be provided at an in-person or online formal marketing/sales event or an in-person or online personal/individual marketing appointment at no charge to the consumer. Sign language interpreters are not required to be provided at informal marketing/sales events or educational events. You must not provide a third-party individual who is not an employee of UnitedHealth Group or an approved sign language interpreter vendor. Whenever possible requests (new and change) should be made 14 or more calendar days prior to the date the interpreter is needed to ensure the vendor (e.g., ASL Services, Inc.) has adequate time to schedule an interpreter. Every effort will be made to obtain an interpreter if the request (new or change) is made within 14 calendar days of the date needed; however, alternate arrangements, such as rescheduling the appointment or requesting the consumer attend another event, may be needed.
 - ~ American Sign Language (ASL) Interpreter Requests
 - Agents with access to Mira can request an ASL interpreter by selecting "Request American Sign Language Interpreter" in Mira. To use Mira, the request must be entered 14 or more calendar days prior to the date the interpreter is required.
 - Agents without access to Mira, or who have requests (new or change) that cannot be entered in Mira because they are within 14 calendar days of the date the interpreter is required, must submit a completed ASL Interpreter Request Form (available on Jarvis) to the PHD via email at asl@uhc.com.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- Within three business days after the request has been made, ASL Services, Inc. will contact you, at the number on record, to confirm the interpreter request and event/appointment logistics.
 - To cancel an interpreter request, you must close the contact in Mira. Cancellation with less than three business days' notice will be billable for the scheduled event/appointment duration or a two-hour minimum. Agents without access to Mira should contact the PHD to cancel the interpreter request.
 - Telesales will request an interpreter through ASL Services, Inc. when confirming the consumer's RSVP hard-set appointment to a formal marketing/sales event.
- ~ Non-ASL Interpreter Requests
- Non-ASL interpreter requests will be addressed on an individual basis. You must submit the Sign Language Interpreter Request Form (available on Jarvis) indicating the non-ASL interpreter request to the Civil Rights Coordinator at UHC_Civil_Rights@uhc.com for processing.

Vision Impaired:

A visually impaired consumer may request materials in alternate formats through Customer Service. If you encounter a visually impaired consumer, you may:

- Read the materials verbatim to the consumer.
- Allow the consumer to be accompanied by an individual, of the consumer's choosing, who can read/interpret the information and/or materials.
- If the consumer has an authorized legal representative, provide a complete enrollment guide directly to the consumer's authorized legal representative for review and enrollment purposes.
- Direct the consumer to Customer Service to request materials in an alternative format. The requested material is provided at no charge to the consumer.

Physically Impaired:

You must select event sites that are accessible to a physically impaired individual. If the event site is not accessible to consumers with disabilities, the event must be rescheduled or cancelled until a site with appropriate accommodations is found. You should choose a meeting site that is compliant with the Americans with Disabilities (ADA). For guidance when evaluating the accessibility of a meeting site, review the ADA website: <https://www.ada.gov/business/accessiblemtg.htm>. Upon reasonable request, you must also provide a wheelchair to a disabled individual at a formal marketing/sales event to provide an opportunity for the individual to attend the event.

A meeting site that is needed by most consumers with disabilities has the following six basic accessibility features that must be considered:

- Parking and Passenger Drop-Off Area
- Routes to the Building Entrance
- Building Entrance
- Routes to the Meeting Space
- Meeting Space
- Restrooms

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

Cognitively Impaired

You should be aware that cognitively impaired consumers may live independently or within a residential facility. If there is any question about the consumer's cognitive ability, you should ask whether the consumer has an authorized representative (e.g., Power of Attorney). If the consumer has an authorized legal representative, you should reschedule the appointment for a time when the consumer's authorized legal representative can be present.

Permission to Contact (PTC)

You must comply with federal and state laws and regulations and UnitedHealthcare policies, procedures, and rules related to permission to contact and lead generation activities.

Permission to Contact Guidelines

Permission to Contact (PTC) is permission given by the consumer to be called or otherwise contacted by a representative of UnitedHealthcare for the purpose of marketing a UnitedHealthcare Medicare product, including any Medicare Advantage (MA) plan, Prescription Drug Plan (PDP), or Medicare Supplement insurance products.

- PTC only applies to the entity from which the individual requested contact, the duration and topic requested; is limited to the method of contact (e.g., permission to call, permission to email) in the PTC mechanism (e.g., business reply card); and must be given by the individual requesting contact and cannot be given on behalf of another individual (e.g., a husband cannot grant permission on behalf of his wife as each spouse must provide individual PTC). The PTC mechanism may include statements or options that would lead a consumer to reasonably understand they will be contacted to discuss Medicare insurance options or include the exact individual product types to be discussed such as Medicare Advantage, Part D Plans, or Medicare Supplement Insurance or refers to options collectively (e.g., Medicare insurance options).
- PTC expires once contact is made, 90 days after the original date of receipt for consumers requesting information on Medicare Supplement insurance or who are on the federal Do-Not-Call Registry, or nine months after the original date of receipt for MA plan and PDP, whichever comes first. If agents are receiving PTC from UnitedHealthcare, their up-line, or other third-party sources, the original date of receipt may be prior to the date the agent obtains the PTC. You are responsible for ensuring PTC is valid and not expired prior to use. New PTC must be obtained in order to contact the consumer in the future.
- PTC must be documented (in Mira if available to the agent) and PTC documentation (e.g., lead source/business reply card) must be retained for ten years and made available to UnitedHealthcare upon request.

Prohibited Unsolicited Direct Contact

Unsolicited contact means the consumer did not provide permission to be contacted by the particular method(s) of contact. Unsolicited direct contact is prohibited, except for the use of conventional postal mail. Direct contact includes, but may not be limited to, in-person, telephonic (including voice message, auto-dialed calls/messaging, and text messaging), electronic (including social media interactive functionality, direct messaging, and smart phone applications), email, and conventional postal mail. Examples of prohibited unsolicited direct contact include:

- Approaching a consumer in-person. Prohibited scenarios include, but are not limited to:

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- ~ Approaching a consumer in a common area (e.g., parking lots, hallways, lobbies, sidewalks).
- ~ Approaching a consumer outside of an educational or marketing/sales event (e.g., you are participating at a volunteer or social/fraternal/service organization activity).
- ~ Engaging in door-to-door solicitation, including any “bait-and-switch” tactics (e.g., marketing a product that does not require PTC in order to convert the marketing effort to a product that does require PTC). PTC requests must not include requests for permission to engage in door-to-door solicitation and having an address does not provide permission to engage in door-to-door solicitation.
- ~ Distributing materials outside of an educational or marketing/sales event setting, such as leaving materials outside a residence, under a door to a residence, on a vehicle, or similar. (Note: You may leave materials at a consumer’s residence when you had a properly pre-scheduled personal/individual marketing appointment and obtained scope of appointment, but the consumer was a “no show”.)
- Contacting a consumer through telephonic means, including manual or automated dialing, voice messaging, or text messaging, or through electronic means, including proximity/push marketing, and smart phone applications or social media interactive functionality (e.g., direct messaging). Prohibited scenarios include, but are not limited to:
 - ~ Any contact with a consumer when the consumer did not provide PTC through a compliant mean to be contacted in that manner.
 - ~ Contacting a consumer that attended an event or to whom material was mailed under the guise of following up.
 - ~ Contacting a referred consumer.
 - ~ Contacting a UnitedHealthcare member for whom you are not the Agent of Record and you did not receive delegated PTC from UnitedHealthcare.
 - ~ Using lead contact information received from UnitedHealthcare to market any non-UnitedHealthcare product.
 - ~ Using lead contact information obtained from Mira for a consumer with whom you do not have a relationship unless UnitedHealthcare has delegated PTC and authorized an outbound call as part of a marketing campaign.
 - ~ Engaging in any “bait-and-switch” tactics (e.g., marketing a product that does not require PTC in order to convert the marketing effort to a product that does require PTC).
 - ~ Contacting a former member who voluntarily disenrolled or a current member in the process of voluntarily disenrolling to market a product or plan, dissuade them from disenrolling, or to participate in any type of survey. In addition, you must not ask a disenrolling member for PTC to market plans in the future.

Permitted Direct Contact

PTC must be obtained prior to making direct contact with the consumer, except when using postal mail (e.g., advertisements, direct mail). You must follow PTC guidelines described above. When contacting consumers, you must comply with state and federal laws and regulations applicable for the method of contact. For telephonic contact, you must comply with applicable state and federal telemarketing rules, including but not limited to, the National Do-Not-Call Registry, the Telephonic Consumer Protection Act (TCPA), federal and state calling hours, and the recording of all telephonic conversations with consumers/members as prescribed by CMS. Contact by email and other

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

electronic means must comply with applicable state and federal rules, including but not limited to, applicable CAN-SPAM requirements.

- Effective 10/01/2022, permitted telephonic direct contact must comply with TPMO call recording requirements. Refer to the Outreach Activities section for call recording requirements.
- Permitted PTC mechanisms include the following:
 - ~ A consumer requests a return call from you.
 - ~ A compliant Business Reply Card (BRC) or lead card submitted by the consumer.
 - ~ A compliant online contact form/electronic BRC submitted by the consumer.
 - ~ An email sent by the consumer to you requesting contact.
 - ~ A text sent by the consumer to you requesting contact.
 - ~ During permitted contact with the consumer, you request to renew PTC and the consumer consents to a future contact.

Delegated Permission to Contact - UnitedHealthcare

UnitedHealthcare may contact any existing UnitedHealthcare member who meets the criteria listed below. If you are not the Agent of Record, you may only call an existing member in one of the following categories if PTC has been delegated by UnitedHealthcare to you. Delegation of PTC occurs when UnitedHealthcare provides the member's contact information (i.e., name and phone number) to you. You may only use the member's Protected Health Information (PHI) or Personally Identifiable Information (PII) to the extent necessary to conduct business on behalf of UnitedHealthcare. Any other use of PHI/PII obtained through delegated PTC is prohibited.

- A current UnitedHealthcare Commercial member aging-in to Medicare to discuss UnitedHealthcare Medicare products, including benefits, or to inform them of general plan information.
- A current UnitedHealthcare MA plan, PDP, or Medicare supplement plan member to discuss other UnitedHealthcare Medicare products, including benefits, or to inform them of general plan information.
- A current UnitedHealthcare Medicaid/MMP member to discuss UnitedHealthcare Medicare products, including benefits, or to inform them of general plan information.
- A consumer who submitted an enrollment application in order to conduct business related to the enrollment.

Delegated Permission to Contact – EDC Agency/eAlliance

Your up-line may delegate PTC to you. Delegation of PTC occurs when your up-line provides the UnitedHealthcare member's contact information (i.e. name and phone number) to you. You may only use the UnitedHealthcare member's PHI/PII to the extent necessary to conduct business on behalf of UnitedHealthcare. Any other use of PHI/PII obtained through delegated PTC is prohibited. As an example, if a UnitedHealthcare member was enrolled by a solicitor under an eAlliance, the eAlliance is permitted to delegate PTC to another solicitor in its down-line for the purpose of conducting marketing/sales activities on behalf of UnitedHealthcare.

Implied Permission to Contact Current Client

You may contact your current clients from another business relationship with whom you have a current, active contract or business relationship in other products (e.g., the consumer is a current in-

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

force life, homeowners, or dental insurance policy client of the agent). You should be prepared to provide proof that the consumer was a current client at the time you contacted them to market a UnitedHealthcare Medicare product.

UnitedHealthcare Book of Business

The AOR may contact members in their UnitedHealthcare book of business to the extent necessary to conduct plan business.

- Agents, including AOR, are prohibited from contacting a consumer/member who filed a complaint for which the agent is involved.
- You must not conduct plan marketing for the upcoming plan year prior to October 1 under the pretense of plan business.

UnitedHealthcare at its discretion may provide you access to your Book of Business member information. Provided member information must only be used to the extent necessary to conduct business (e.g., servicing members and member retention activities) on behalf of UnitedHealthcare. Any other use of provided member information is prohibited. Book of Business reports are confidential and proprietary information of UnitedHealth Group. Do not distribute or reproduce any portion without the express permission of UnitedHealth Group. All other rules, regulations, policies, and procedures apply. Please note that provided member information may not be reflective of all Book of Business or AOR information and does not impact commissions/incentives or renewal payments.

Outbound Calling Campaigns

General Guidelines

The following guidelines apply to marketing/sales outbound calling campaigns by field agents on behalf of UnitedHealthcare or involving UnitedHealthcare portfolio of products.

- Call campaigns must adhere to all applicable rules, regulations, UnitedHealthcare policy, or UnitedHealth Group corporate policy.
- Effective 10/01/2022, call campaigns must comply with TPMO call recording requirements. Refer to the Outreach Activities section for call recording requirements.
- Agents/agencies and UnitedHealthcare must abide by the Telephone Consumer Protection Act (TCPA). The guidelines below apply for marketing/sales outbound calling campaigns via phone, text, and fax. The rules below are not an exhaustive list of all laws applicable to the campaigns.
 - ~ Pre-recorded messages are not allowed on residential or cell phones without prior express written consent. Prior express written consent must be consent to be marketed to; not just general consent to be contacted at a particular number.
 - ~ Auto-dialer calls are not allowed to cell phones without prior express written consent. Auto-dialer calls may be used to residential phones as long as an artificial or pre-recorded voice is not used.
 - ~ Manual calls to residential and cell phones may be made as long as artificial or pre-recorded voice is not used.
- You must be appropriately credentialed.
- You must only market products in the UnitedHealthcare Medicare Solutions portfolio and must not market any other products while calling on behalf of UnitedHealthcare.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- You must comply with state calling hour rules and must not call leads outside of the defined campaign time frame.
- Lead lists contain PHI/PII and must be protected and transmitted in compliance with UnitedHealthcare policy.
- Initial Lead lists provided by UnitedHealthcare must not be transmitted to individuals not participating in the outbound call campaign.
- Lead lists must be immediately and securely disposed in compliance with UnitedHealthcare policy once the calling campaign has completed and activity recorded in Mira.
- Lead data shared with agents participating in call campaigns may include only the minimum personal member information needed to conduct the campaigns (e.g., name, address, telephone, and Medicare Beneficiary Identifier (MBI) number to verify Medicaid level of eligibility). Any additional data must be deleted prior to agent distribution.
- Lead lists permission to contact status must be affirmed in Mira criteria with a PTC status of Yes (Y). Consumers that have revoked or changed their PTC must be filtered from the call campaign with contact status updates made to Mira.
- You must not replicate lead lists or use the lead lists beyond the completion of the call campaign. Paper lead lists provided to you must not be copied, scanned, photographed, photocopied, or allowed to be used in any other format than what was provided by UnitedHealthcare. Paper lead lists must not leave UnitedHealthcare possession or the location of the call campaign and must be returned to campaign leader upon completion of the calling session. At the discretion of UnitedHealthcare, copies of certain lead lists with sales activity notes may be retained after recording lead and contact activity in Mira. The lead lists must be securely stored by the sales office.
- You must abide by Scope of Appointment (SOA) guidelines when an outbound call results in a telephonic plan presentation and/or future in-person or telephonic marketing appointment. An SOA is not required in order to briefly list plan benefits as part of the outbound call campaign, the purpose of which is to schedule in-person marketing appointments. Refer to the Scope of Appointment section for SOA requirements.
- You must have an active current Mira account to participate in call campaign activity unless approved by the Sales Director. You must commit to using Mira to record successful attempts in converting a lead to an appointment or follow-up activity. If the Sales Director allows for an exception for you to participate in call campaign activity without having a Mira account, the sales team must have controls in place to ensure all call activity is documented in Mira.

Community & State Medicaid Leads for Calling Campaigns

On a monthly basis, the National Lead Campaign Team may provide Medicaid member contact lists to Medicare & Retirement Sales Directors for call campaigns (i.e. call blitz). The following guidelines apply:

- Call campaigns may occur in a UnitedHealthcare facility/office location or virtually (see the virtual outbound call campaign section).
- All call campaigns must be proctored and monitored by a UnitedHealthcare sales leader or Sales Director during the call campaign. Proper coaching and talking points for you are the responsibility of the market Sales Director. If you are participating in-person, you are not allowed to stay late or be left alone to make calls without a local sales leader present at all times.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- PTC Medicaid leads expires on the last day of the month the leads were obtained. Medicaid age-in leads expire after 3 months and non-age-in leads expire after 1 month. If the sales support coordinator enters contact information on a subset of Medicaid leads into Mira, PTC may be extended by you only if the Medicaid member provides it when you make contact to set a home appointment to present a DSNP. Once expired, leads must not be used for any purpose, including closed/lost campaigns in Mira.
- Leads that result in an appointment or other follow-up activity must be entered into the your Mira account within 24 hours and follow-up activity will be managed through Mira from that point.

Local Market Outbound Calling Campaigns

The purpose of a local calling campaign (i.e. call blitz) is for a sales market to increase applications, make appointments and to build your pipeline through targeted calls. The outbound calling campaigns may take place on a daily, weekly, or monthly basis as lead volume permits. The strategy may be modified according to market changes/opportunities that arise. The following guidelines apply:

- Call campaigns may occur in a controlled non-public facility/office location through the coordination of local sales leaders with appropriate measures taken to secure privacy of both member and UnitedHealthcare information (e.g., acceptable site is an agency setting; unacceptable site is a coffee shop or restaurant) or virtually (refer to the virtual outbound call campaign section).
- A call campaign leader, generally a UnitedHealthcare sales leader or Sales Director, must be identified and present during the entire outbound call campaign timeframe. Your call activity must be monitored and you must be coached immediately when necessary. If you are participating in-person, you are not allowed to stay late or to be left alone without a local sales leader present at all times.
- PTC status must be affirmed in Mira criteria with a PTC status of Yes (Y). Consumers that have revoked or changed their PTC must be filtered from the call campaign with contact status updates made to Mira.

Virtual Outbound Call Campaign

A virtual call campaign takes place when the campaign leader and field agents participate from their respective locations rather than in-person as a group (see the C&S Medicaid and Local Market call campaigns sections) and may be employed when the market is managed by a remote or local leader. The purpose of a virtual call campaign (i.e. call blitz) is for a sales market to increase applications, make appointments, to build an agent's pipeline through targeted calls and/or accept enrollments. The outbound call campaign may take place on a daily, weekly, or monthly basis as lead volume permits using lead lists provided to agents via secure email. The strategy may be modified according to market changes/opportunities that arise.

The following call campaign guidelines also apply:

- Virtual call campaigns must be managed through the coordination of the remote or local market's sales leader(s) with appropriate measures taken to secure privacy of both member/consumer and UnitedHealthcare information.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- A virtual call campaign leader, generally a Business Development Manager (BDM) or UnitedHealthcare sales leader, must be identified and available during the entire outbound call campaign timeframe dictated by the sales management team.
- The campaign leader (or delegate) must communicate to participating agents (e.g., virtual meeting or teleconference) campaign expectations and guidelines (e.g., use of Mira and secure email, calling time frame, expiration of PTC).
- Your activity must be monitored and you must be coached immediately when necessary.
- You must use secure email when emailing campaign results that contain consumer/member PHI/PII or provide the minimum necessary consumer information results via email (i.e. contact identification number/telephone number and outcome).

Lead Generation Guidelines

You are responsible for ensuring any lead, including those obtained from or provided by your up-line, meets all federal and state regulations and UnitedHealthcare business rules, prior to acting on the lead to market any UnitedHealthcare Medicare product.

Actionable Lead

A lead is the name and contact information of a consumer who might be contacted to market UnitedHealthcare Medicare products. To be considered actionable, the lead must be obtained through means compliant with federal and state regulations and UnitedHealthcare rules, policies, and procedures. Specifically, PTC has been obtained through compliant methods and has been documented. Refer to the Permission to Contact Guidelines section.

Lead Validation

Prior to use, you must validate that the lead was obtained through compliant means. You must document or obtain documentation that confirms that the lead source has qualified the lead(s) to ensure that the consumer, whose contact information has been provided, proactively requested contact for the purpose of marketing Medicare insurance products. Only compliantly obtained leads may be acted upon through direct methods of contact. Agent assisted enrollments that result from the use of non-compliant leads may result in corrective and/or disciplinary action for you and/or your up-line.

Compliant means include, but are not limited to:

- Consumer submitted a compliant BRC (paper or electronic) or lead card. If you are receiving leads from your up-line, you should request documentation from your up-line that attests that the leads were obtained compliantly and are actionable.
- Consumer placed an inbound call, text, email, or voice message requesting to discuss Medicare insurance products. Based on the method of consumer outreach, you may respond accordingly, unless the consumer requests another preferred method of contact.
- The consumer is a current client by virtue of having a current, active contract or business relationship in another product.

Non-compliant means include, but are not limited to:

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- You receive the consumer's telephone number or email address as a referral from an individual other than the consumer. For example, a provider gives a list of patients to you or a client gives their neighbor's telephone number or email address to you.
- You use other sources to look-up a telephone number or email address provided by the consumer on a BRC or lead card where the telephone number or email address provided is not accurate or in-service.
- You engage in unsolicited contact (e.g., initiating contact with a consumer) via interactive communications on social media platforms or other communication applications to generate leads and to market Medicare insurance products.
- You generate a lead for a non-Medicare insurance line of business and use that information to market Medicare insurance products via prohibited unsolicited direct contact.

Lead Validation Documentation

Upon request, you must provide documentation proving that a lead was actionable (i.e. proof that the lead generation mechanism was compliant and resulted in valid permission to contact).

- **Lead Mechanism Documentation***
Provide proof that the lead generation mechanism (e.g., paper or electronic) used to obtain the particular consumer's permission to contact contains all required elements, which include:
 - ~ Name of the individual consenting to being contacted
 - ~ Contact information (e.g., email address or phone number) and permitted method of contact (e.g., email or telephonically)
 - ~ The purpose of the contact or topic(s) to be discussed (e.g., scope of product)
 - ~ Explicit statement (e.g., By providing my contact information I am agreeing to be contacted by a licensed sales agent to discuss Medicare Advantage plans) or verbiage that reasonably expresses that the individual is providing permission to be contacted
 - ~ All required disclaimers (e.g., This is a solicitation for insurance)
- **Permission to Contact Documentation***
Provide proof that the consumer completed the lead generation mechanism.
 - ~ **Paper Lead Mechanism**
Provide the completed paper document (e.g., lead card or BRC) or copied/scanned image of the actual paper document completed and submitted by the consumer.
 - ~ **Electronic Mechanism**
 - Provide documented evidence that captures the real-time consumer completion of an electronic lead form/eBRC (e.g., a documentation solution such as Jornaya or TrustedForm); or
 - Provide documentation that provides evidence that the consumer completed the electronic lead generation mechanism. Acceptable documentation includes a lead system generated report or screenshot(s) from an internal lead system including the following data elements:
 - Name of the individual consenting to be contact as provided by the individual completing the form
 - Contact methods and/or contact information provided by the individual completing the form
 - Website static or dynamic URL (ad unit and consent language as seen by the individual providing permission)

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

- Date and time the permission was provided
- IP address of the individual providing permission
- Explicit statement or verbiage indicating the consumer's consent to be contacted

* An email summarizing the required element or attesting that the individual provided permission is not sufficient.

Third-Party Marketing Organization (TPMO) Lead Generation Disclaimer and Disclosure Requirements

Effective 10/01/2022, TPMOs as defined by CMS must comply with TPMO disclaimer and disclosure requirements. All entities and individuals contracted directly with UnitedHealthcare are considered first tier, downstream or related entities (FDRs) and, therefore, TPMOs. TPMOs also include any entity contracted or subcontracted by an FDR that provides services to UnitedHealthcare or UnitedHealthcare's FDR, including solicitors.

- TPMOs must use, where appropriate, a standardized disclaimer that states, "We do not offer every plan available in your area. Any information we provide is limited to those plans we do offer in your area. Please contact Medicare.gov or 1-800-MEDICARE to get information on all of your options." The disclaimer must be as follows:
 - ~ Used by any TPMO that sells MA plans on behalf of more than one MA organization unless the TPMO sells all commercially available MA plans in a given service area, and by any TPMO that sells Part D plans on behalf of more than one Part D Sponsor unless the TPMO sells all commercially available Part D plans in a given service area.
 - ~ Verbally conveyed within the first minute of a sales call.
 - ~ Electronically conveyed when communicating with a consumer/member through email, online chat, or other electronic means of communication.
 - ~ Prominently displayed on a TPMO website. Refer to the Agent/Agency Website section for requirements.
 - ~ Included in any marketing materials, including print materials and television advertisements, developed, used, or distributed by the agent/agency. Refer to the Materials section requirements.
- When applicable, TPMOs must disclose to the consumer/member that their information will be provided to a licensed agent for future contact. This disclosure must be made using the same method of contact as the interaction (i.e. verbally for telephonic, conveyed in writing for paper methods, and electronically for email, online chat, or other electronic messaging platforms) and displayed prominently on an agent/agency websites.
- When applicable, TPMO must disclose to the consumer/member that they are being transferred to a licensed agent who can enroll them into a new Medicare plan. Note: In some instances, TPMOs generate a lead and may or may not conduct eligibility screening activities. Regardless of the interaction this disclosure requirement applies.
- TPMOs must make consumers/members aware of the role of the individual with whom they are interacting and must use a title that accurately describes their role in the chain of enrollment (the steps taken by a consumer/member from becoming aware of a Medicare plan(s) to making an enrollment decision). Refer to the Materials section for approved agent titles.
- TPMOs must disclose to UnitedHealthcare any sub-contracted relationship used for lead generation.

Section 5: How do I Conduct Educational and Marketing/Sales Activities?

Lead Referral Programs

UnitedHealthcare Sponsored Program

UnitedHealthcare does not currently sponsor a lead referral program.

Agent Initiated Programs

You may choose to use a third-party lead generating option, but are responsible for ensuring the leads are obtained compliantly, within compensation limits, do not violate any applicable fraud and abuse laws, including the federal anti-kickback statute, and are compliant with any and all applicable state and federal regulations. All PTC guidelines apply if designing and/or conducting an outbound call campaign using a purchased or otherwise obtained lead list. In the absence of documented PTC for a consumer on a lead list, only postal mail can be used to market any UnitedHealthcare Medicare product to the consumer.

Compensation in Exchange for Lead

- You are not permitted to provide anything of value (e.g., gift card, flowers) to a consumer/member in exchange for a referral (i.e. contact information including name and telephone number/email).
- You must comply with CMS regulations related to compensation limits, commission splitting, and/or payments to non-licensed/appointed agents. UnitedHealthcare recommends you consult with local legal counsel to determine the compliance of any compensation arrangements you make with referrers.

Lead Collection Stations

Lead boxes and/or collection stations must comply with all CMS regulations and UnitedHealthcare rules, policies, and procedures related to obtaining PTC, contacting consumers, use of marketing materials, and marketing/sales activities. The following guidelines apply to the use of lead collection boxes and/or collection stations:

- The lead box or collection station must be secured in such a manner as to prevent the unauthorized access and use of any consumer's contact information. The collection box must be locked and either integrated in a fixture or attached to a fixture in such a manner that prevents unauthorized removal of the box and/or its contents.
- Permission from the venue must be obtained prior to placing a lead card box or collection station in any location.
- Rules pertaining to marketing materials in provider locations apply (e.g., stations cannot be placed where consumers receive care).
- Only UnitedHealthcare and/or CMS approved lead cards and marketing materials are permitted.
- Information provided on lead cards must be considered private and must only be used for the purpose intended.
- Providers may direct a patient to the lead box or collection station, but must not handle in any manner the leads collected (e.g., empty lead box, forward leads to the agent).
- You must check on and empty lead box or collection station no less than weekly.
- You must immediately report to UnitedHealthcare any suspected or known breach or theft of the lead box, collection station, and/or individual lead cards.

Enrollment Methods

MA Plan and PDP Cancellation, Withdrawal, or Disenrollment Requests

Agent Assisted Health Assessment (HA) Process

Enrollment Process – AARP Medicare Supplement Insurance Plans

Section 6: How do I take an Enrollment Application?

Enrollment Methods

Enrollment applications cannot be solicited or accepted outside of a valid enrollment election period. Marketing and/or selling outside of eligible periods is prohibited and is subject to corrective and/or disciplinary action up to and including termination. At the time the enrollment application is completed, you must be contracted, licensed, and appointed (if applicable) in the state in which the consumer resides, and you and non-licensed representatives must be certified in the product in which the consumer is enrolling.

The enrollment application should be completed only after you have completed a needs assessment and thoroughly explained to the consumer the plan benefits and associated costs, confirmed eligibility, verified providers and drug coverage (if applicable), disclosed agent and product specific information and disclaimers, **supplied the Star Rating Document**, and supplied Summary of Benefits, and the consumer has agreed to proceed with the enrollment.

A non-licensed representative is prohibited from engaging in any activity that is considered selling, marketing, or steering. For example, the non-licensed representative is permitted to give factual information about a plan, such as the monthly plan premium, but is not permitted to recommend a particular plan based on the needs of the consumer or as a result of any question the consumer asks.

General Consumer Eligibility

At the time of enrollment, you must explain to the consumer that eligibility requirements must be met in order to enroll:

- Valid Enrollment Election Period: You must determine if the consumer has a valid election period and indicate the election period on the enrollment application and reason code, if applicable.
- Medicare Part A and/or Part B: You must indicate the consumer's Medicare number on the enrollment application. The consumer must be entitled to Medicare Part A and/or enrolled in Part B as is required for the plan or plans in which the consumer is enrolling. For Medicare Supplement Insurance plans, the consumer must be enrolled in both Part A and Part B.

You should direct consumers who are out of the country to UnitedHealthcare's **Direct to Consumer (DTC)** Telesales call center or the public website to complete an enrollment application. Consumers must be advised that in most cases, Medicare and UnitedHealthcare will not pay for health care or supplies obtained outside of the United States. Medicare drug plans do not cover prescription drugs bought outside of the United States.

Verification and Documentation of Special Needs Eligibility

At the time of enrollment, you must explain to the consumer enrolling in a Special Needs Plans (SNP) that certain eligibility requirements must be met in order to enroll and explain the applicable disenrollment process if eligibility cannot be verified and/or if the consumer loses eligibility once enrolled.

▪ **Chronic Special Needs Plan (CSNP) Qualifying Condition Verification**

In addition to meeting the Medicare requirement identified above, consumers must have at least one of the qualifying conditions covered under the specific CSNP. You must:

- ~ Complete a review of the CSNP and determine the consumer's eligibility.
- ~ Enroll only those consumers who have at least one qualifying condition.
- ~ Explain to the consumer that:
 - UnitedHealthcare verifies qualifying chronic conditions on a post-enrollment basis, meaning the consumer will be enrolled if all conditions of enrollment are met except the verification of a qualifying condition.
 - UnitedHealthcare will attempt to verify the qualifying chronic condition with the consumer's physician for up to two months after the plan effective date.
 - A notice of involuntary termination will be sent to the member (with notification to the agent) if a qualifying condition has not been verified at the end of the first month.
 - The member will be terminated effective the last day of the second month of enrollment if a qualifying condition cannot be verified. However, the member will remain enrolled in the plan if verification is obtained at any time within the first two months of enrollment.
 - UnitedHealthcare will notify the member (not the agent) regarding a successful verification.
- ~ At the point of sale, complete and submit the Chronic Condition Pre-Assessment and Chronic Condition Release of Information forms with the enrollment application located in the Enrollment Guide and LEAN. There are different forms for each plan.

▪ **Dual Special Needs Plan (DSNP) Medicaid Status Verification**

Specific pre-verification and documentation requirements must be met to enroll a consumer in a DSNP. In addition to meeting the Medicare requirement identified above, consumers must also have Medicaid (may be identified differently depending upon the state) to enroll in a DSNP. You must:

- ~ Complete a review of the DSNP and determine the consumer's eligibility.
- ~ Enroll only those consumers who have the appropriate level (e.g., full or partial) of Medicaid based on the specific DSNP. Eligibility may vary by plan; therefore, you must refer to plan documents to ensure plan eligibility and that the consumer cost sharing level makes the plan suitable for the consumer. You may validate Medicaid status at the point-of-sale using the Medicare & Medicaid Verification (MMV) tool in Jarvis or by contacting the Producer Help Desk (PHD) during normal hours of operation.
- ~ Include the consumer's Medicaid number (from their Medicaid card) appropriately on the enrollment application.
- ~ Explain to the consumer that if their Medicaid status is not verified within 21 days of receipt of the enrollment application or until the end of the month (whichever is later), a denial of enrollment letter will be sent.

Section 6: How do I take an Enrollment Application?

- ~ Explain to the consumer that if they lose their Medicaid status after enrollment, they may enter a grace period during which they will be responsible for cost sharing and/or may be involuntarily disenrolled.
- **Enrollment of Consumers Residing in a Medicare-Medicaid Plan (MMP) Area**

An MMP is a Centers for Medicare & Medicaid Services (CMS) and state run test demonstration program where individuals receive Medicare Parts A and B and full Medicaid benefits and are, generally, passively enrolled into the state's coordinated care plan with the ability to opt-out and choose other Medicare options. Designed to manage and coordinate both Medicare and Medicaid and include Part D prescription drug coverage through one single health plan, MMP demonstrations and eligible populations vary by state.

 - ~ States (or an enrollment broker with whom the state contracts) administer the MMP enrollment process, disenrollments, cancellations, and opting-out of passive enrollment.
 - ~ Agent-assisted enrollment of a consumer in a UnitedHealthcare Medicare Solutions plan must only occur after referring to applicable marketing guidelines and complying with federal and state regulations and UnitedHealthcare rules, policies and procedures. (Refer to the Educational and Marketing/Sales Activities and Events section for marketing guidelines applicable to MMP programs.)
- **Enrollment of Consumers into a Minnesota Fully Integrated Dual Eligible (FIDE) or Highly Integrated Dual Eligible Special Needs Plan**
 - ~ Enrollments must be completed using the specific paper enrollment application.
 - ~ You must make consumers aware that the premium is on the enrollment application and what the premium will be if they lose Medicaid eligibility.
 - ~ The enrollment application must first be faxed, using the specific fax cover sheet, to the third-party administrator. The enrollment application must next be faxed to the correct enrollment center or you must contact their UnitedHealthcare sales leader for other options.
 - ~ The enrollment application must be submitted within 24 hours.
 - ~ A Health Assessment (HA) is not able to be completed with this paper enrollment application.

the nursing home for at least ninety days, no eligibility documentation is required at time of enrollment.

* You are permitted to work directly with the contracted SNF to obtain the information needed to complete the enrollment application provided the consumer or their authorized legal representative has signed an Authorization for Disclosure of Healthcare Information form. The form expires seven days from the signature date and provides authorization to the nursing home to provide the agent the consumer's Medicare Beneficiary Identifier (MBI), Medicaid number (if applicable), date of admission to the identified nursing home, and current insurance plan to help facilitate the consumer's enrollment into the UnitedHealthcare Nursing Home Plan.

 - ~ You must merge a call with the applicable 1-800 number to record the call.
 - ~ **You must read all required disclaimers, Statement of Understanding, and the application in their entirety.**

If the consumer is not a member; you may assist the consumer in setting up a new or renewing an AARP membership; however, you must not purchase the AARP membership for the consumer. You may assist the consumer in setting up or renewing the membership by:
 - ~ Calling 1-866-331-1964 or logging in to www.myAARPconnection.com to enroll using the consumer’s credit card.
 - ~ Mailing the AARP membership application and dues (with a *separate consumer’s* check payable to AARP) with the insurance enrollment application.
 - ~ Utilizing the Online Enrollment tool for AARP Medicare Supplement Plans to enroll using the consumer’s credit card.

You must not accept money from the consumer and send your personal/agency check/money orders to pay AARP membership dues.

Explain Benefits, Rules, and Member Rights

- You must review the plan options with the consumer and guide them to the plan that best fits

Section 6: How do I take an Enrollment Application?

their needs.

- The consumer's plan selection must be indicated on the enrollment application.
- If the consumer has current health coverage, it must be noted on the enrollment application.

Enrollment Application

- The enrollment application should be completed only after you have thoroughly explained to the consumer the plan benefits and rules, confirmed eligibility, disclosed agent and product specific disclaimers, and the consumer agrees to proceed with enrollment.
- You will immediately sign and date the enrollment application after verifying all information provided by the consumer is correct and the enrollment application is signed by the consumer or authorized representative.
 - ~ You must provide their agent writing number on each enrollment application you write.
 - ~ Only the agent that completes the enrollment application with the consumer or their responsible party may affix his/her writing number to, sign, and date the enrollment application.
 - “Gifting” an enrollment application (i.e. allowing another agent to affix his/her writing number to, sign, and/or date an enrollment application) is strictly prohibited.
- Incomplete, incorrect, or illegible enrollment applications delay or prevent processing and/or the inability to pay the agent commission for the sale.

All enrollment applications must be submitted promptly to UnitedHealthcare. AARP Medicare Supplement enrollment applications received by Enrollment more than 16 days after the agent signature will be considered a late enrollment application and the agent may be subject to disciplinary action.

Post-Sale Requirements

The following items must be left with the consumer at the time of enrollment:

- Outlines of Coverage and Rate Sheet
- *Choosing a Medigap Policy: A Guide to Health Insurance for People with Medicare*
- Copy of the completed and signed Replacement Notice (where applicable)
- Copy of the Automatic Payment Authorization form (where applicable)
- Additional state-specific documents may also need to be completed and submitted with the enrollment application, and/or copies left with the consumer. Directions are on the form. It is your responsibility to adhere to all federal and state regulations.

Replacement Business

- You must submit the *Notice to Applicant Regarding Replacement of Medicare Supplement Insurance or Medicare Advantage* (Replacement Notice) with an enrollment application when the consumer is replacing or losing a Medicare supplement or Medicare Advantage plan. Note: requirements may vary by state.
- A Replacement Notice is included with each state-specific Enrollment Guide. Consumers who are replacing their existing Medicare Supplement coverage should not cancel their coverage until the new policy's effective date. When replacing an existing policy, request an effective date (always the first of the month) to coincide with the date the existing coverage ends.

Section 6: How do I take an Enrollment Application?

- If the consumer is changing from one AARP Medicare Supplement Insurance Plan to another AARP Medicare Supplement Insurance Plan, the Replacement Notice is not required.
- If the consumer currently has a Medicare Advantage plan and would like to enroll in an AARP Medicare Supplement Insurance plan, their coverage under the Medicare Advantage plan must end by the effective date of the AARP Medicare Supplement Insurance plan.

Enrollment in Medicare Supplement Insurance does not automatically disenroll a consumer from Medicare Advantage. The consumer should contact their current insurer or 1-800-MEDICARE to see if they are eligible to disenroll, and to disenroll if they are able.

Commission Overview

A writing agent who submits an enrollment application is only eligible for a commission if they are properly credentialed (i.e. contracted, certified in the product in which the consumer enrolled, and licensed and appointed, if applicable, in the state in which the consumer resides) at the time of sale, irrespective of the credentialing status of any up-line entity.

If the writing agent is eligible for a commission on the sale, then any up-line entity to the writing agent that is appropriately credentialed at the time of sale will be compensated. Up-line entities that are not appropriately credentialed at the time of sale are not eligible to be compensated and their commission will be paid to their direct up-line, since the direct up-line is stepping into the shoes of the down-line who was not appropriately credentialed at the time of sale. If a writing agent is not appropriately credentialed, no commissions will be paid to the writing agent or their respective up-line. It is the responsibility of the level that receives payment to administer commissions to the solicitor who made the sale. Specific credential requirements for the writing agent and up-line agents/entities are outlined in the sections below.

Agent Compensation Eligibility Requirements

Credential Validation Rules for the Writing Agent

- **First-year commissions**

To be eligible to receive first-year commissions, as of the consumer's application signature date, you (including solicitors) must be appropriately credentialed as outlined below:

- ~ Must be actively contracted with UnitedHealthcare.
- ~ Must be actively licensed in the state of sale.
- ~ Must be actively appointed in the state of sale (if applicable).
- ~ For MA plan/PDP applications must be certified in the product in which the consumer enrolled for the applicable effective year.
- ~ Effective 01/01/2017, for AARP Medicare Supplement applications must be certified in the product at the time of sale (i.e. not based on the plan year).

- **Monthly Renewals (Year Two and Subsequent Years)**

To be eligible to receive renewal commissions for year two and beyond, the first year commission must be processed and paid and you must be appropriately credentialed as outlined below:

- ~ For MA plan/PDP applications effective prior to 01/01/2014, to receive monthly renewal commissions, you (or immediate up-line if writing agent was solicitor level) must not be terminated for-cause or deceased.
- ~ For MA plan/PDP applications effective 01/01/2014 and later for you to be eligible to receive monthly renewals, you (or immediate up-line if writing agent was solicitor level) must be appropriately credentialed, credentialing requirements for you are noted below.
 - Must be actively contracted (including servicing status contract) or in suspended status with UnitedHealthcare as of renewal month.
 - Must be actively licensed and appointed (if applicable) in the state of sale (or agent's resident state for servicing status contract) as of the renewal month.

Section 7: How am I Paid?

- Active status agents must be certified in the product of sale for the renewal year as of the renewal month and the servicing status agent must be appropriately certified according to the terms of servicing agreement.
- ~ For AARP Medicare Supplement applications with all plan effective dates, to receive renewal commissions:
 - You (or immediate up-line if writing agent was solicitor level) must not be termed for-cause or deceased. (Exception: for AARP Medicare Supplement Insurance plans issued in the state of Washington, agent commissions will continue to be paid to a successor agent in cases where the writing agent (or immediate up-line if writing agent was solicitor level) is termed for-cause or deceased.)

Compensation Structure – MA and PDP

Compensation is defined by the Centers for Medicare & Medicaid Services (CMS) as monetary or non-monetary remuneration relating to the sale or renewal of a policy including, but not limited to, commission, bonuses, gifts, prizes, and awards.

Commission

Commission is a form of compensation given to an agent for new enrollments of consumers in the plan that best meets such consumers' health care needs and membership renewals. Plan sponsors are not required to compensate you for selling Medicare products. However, if plan sponsors do compensate you, such compensation must comply with CMS and other regulatory guidance.

- Plans must establish a compensation structure for new enrollments and renewals effective in a given plan year. The compensation structure:
 - ~ Must be reasonable and reflect fair market value for services performed.
 - ~ Must comply with fraud and abuse laws, including the anti-kickback statute.
 - ~ Must be in place by the beginning of the plan year marketing period, October 1.
 - ~ Must be available upon CMS request for audits, investigations, and to resolve complaints.
- If plans pay commissions they must abide by CMS guidance by paying commissions for initial year (i.e. new to Medicare) enrollments as well as renewal compensation. CMS determines if an enrollment qualifies as an initial year or renewal year enrollment and directs the plan sponsor on which compensation level should be paid. The following rules pertain to the compensation cycle:
 - ~ The commission amount paid to you for enrollment of a Medicare consumer into an Medicare Advantage (MA) plan or Prescription Drug Plan (PDP) is as follows:
 - After CMS publishes rate guidance for the upcoming plan benefit year, UnitedHealthcare will determine commission rates by contract-plan benefit package (PBP) and state based on market specific objectives.
 - Upon receipt of a CMS-approved enrollment application and validation of your credentials, commission for a new enrollment will be paid at the renewal rate based on the number of months the member is enrolled for the plan benefit year.
 - Upon notification from CMS that a member qualifies for the initial rate, the difference between the renewal rate and initial rate commission will be paid. Commission will be calculated based on the number of months the member is enrolled for the plan benefit year, except when the member has no plan history per CMS then these will be paid at the full initial rate regardless of effective date of enrollment.

Section 7: How am I Paid?

- CMS guidelines state a plan year ends on December 31 regardless of effective date of the enrollment.
- Renewal commissions to you are paid so long as you are in good standing according to the terms of your contract and the member is still enrolled. Renewal commissions will begin in January of the following plan benefit year. For example, renewal commissions for a July 2020 effective date will begin January 2021 on a per member per month basis. CMS requires that any renewal payment be no more than fifty percent of the current year fair market value.
- ~ If the member leaves the plan:
 - Voluntarily within the first three months (i.e. a rapid disenrollment), the full amount of the commission paid is charged back.
 - Voluntarily in months 4 to 11, the difference between the commission paid and the number of months the member was in the plan will be charged back.
 - If a member terminates coverage involuntarily in months 1 to 11 (for example due to a plan exit), the difference between the commission paid and the number of months the member was in the plan will be charged back.
 - Charge backs will be recovered from both new and renewal commissions in the next available commission cycle. If there is not enough new or renewal commissions to offset the charge back, the balance of the charge back is rolled into the next commission cycle. This continues until the charge back is repaid in full.
 - All terminations that result in a full or prorated charge back will be processed regardless of the date the termination is received.

Miscellaneous Forms of Compensation

Commissions, bonuses, gifts, prizes, and awards are examples of compensation. The value of all forms of compensation must be included in the total compensation amount paid to you for an enrollment and may not exceed the limits set forth in the CMS agent compensation regulations and implementing guidance.

Reimbursement of Costs Associated with Selling

The following are not considered compensation according to CMS:

- Payment of fees to comply with state appointment laws; training and testing, and certification.
- Reimbursement for mileage to and from appointments with consumers.
- Reimbursement for actual costs associated with consumer sales appointments such as venue rent, materials, and snacks.

Compensation Structure – AARP Medicare Supplement

Most states generally define compensation as monetary or non-monetary remuneration of any kind relating to the sale or renewal of a policy including, but not limited to, commissions; bonuses, gifts, prizes, and awards.

Commission

Commission is a form of compensation given to you for new enrollments of consumers in the plan that best meets such consumers' health care needs and membership renewals. Plan sponsors are not required to compensate agents or brokers for selling Medicare Supplement products. However,

Section 7: How am I Paid?

if plan sponsors do compensate you, such compensation must comply with state law and other regulatory guidance.

- Plans must establish a compensation structure for new enrollments and renewals for plans effective in a given year. The compensation structure:
 - ~ Must be reasonable and reflect fair market value for services performed.
 - ~ Must comply with fraud and abuse laws, including the anti-kickback statute.
 - ~ Must be available upon Department of Insurance (DOI) request for audits, investigations, and to resolve complaints.
- If plans pay commissions they must abide by state law and regulations by paying commissions for first year enrollments and renewal compensation. In accordance with state law and regulations, UnitedHealthcare determines if an enrollment qualifies for first year or renewal compensation. The following rules pertain to the compensation cycle:
 - ~ The commission amount paid to an agent or broker for enrollment into an AARP Medicare Supplement Insurance Plan is as follows:
 - For the upcoming plan benefit year, UnitedHealthcare will determine the commission rates by plan and state based on market specific objectives. Such commission rates are filed for approval with applicable state regulatory agencies and are subject to state approval.
 - UnitedHealthcare may modify the compensation rate as required for state approval and will communicate any such modification as appropriate.
 - ~ If the member leaves the plan:
 - Commission paid is charged back on a pro-rated basis based on the number of months the member was in the plan
 - Charge backs will be recovered from both new and renewal commissions in the next available commission cycle. If there is not enough new or renewal commissions to offset the charge back, the balance of the charge back is rolled into the next commission cycle. This continues until the charge back is repaid in full.
 - All terminations that result in a full or prorated charge back will be processed regardless of the date the termination is received.

AARP Medicare Supplement Insurance plans – Charge backs

Commissions are earned on the duration of a member's enrollment. Any unearned commission paid on an AARP Medicare Supplement policy will be charged back to all levels that were paid for that policy.

- Charge backs will be recovered from the next available commission payment of any UnitedHealthcare product.
- If there is not enough new or renewal commissions to offset the charge back, the balance of the charge back is rolled to the next commission statement. This continues until the charge back is repaid in full.

Miscellaneous Forms of Compensation

For AARP Medicare Supplement, commissions, bonuses, gifts, prizes, and awards are examples of compensation. The value of all forms of compensation must be included in the total compensation amount paid to you for an enrollment and may not exceed the limits under state laws and regulations.

Section 7: How am I Paid?

Commission Payment Schedule

Commission Payment Schedule

- MA Plan and PDP
 - ~ New Business – paid twice weekly
 - ~ Renewals – paid monthly, Per Member Per Month, MA plan and PDP renewals are processed the third weekend of the month.
- AARP Medicare Supplement Insurance Plans
 - ~ New business advances and updates to current book of business – process weekly
 - AARP Medicare Supplement Insurance products are **typically** paid a nine-month advance in most states (as noted here or in the contract), **unless an agent has specifically requested to have no advance period**. The advance is not considered fully earned until the member has been enrolled nine months. As the member remains enrolled in months one through nine, a portion of the advance is considered earned. Example: If the member terminates in month seven, two months of the advance are considered unearned and will be charged back to the agent.
 - ~ Premiums and Renewals – processed monthly
 - Monthly premiums and renewals begin in month two, however typically recover against Unearned Advance Debt through month nine and processed the first weekend after the first full week of a month.

Direct Deposit (Does not apply to SecureHorizons Medicare Supplement products)

- Under “Knowledge Center” tab, Access “Account Info”
- Under “Profile”, Access “Edit Direct Deposit Info”
- Enter the direct deposit information
- An email confirmation is sent to the email address on file
- The updated direct deposit change is effective immediately for the next commission cycle.
- For any issues, email the PHD at phd@uhc.com.

Commission Sharing

Commission payments may not be shared within a hierarchy. For example, an NMA may not share or split its commission payments with an FMO, MGA, GA, or Agent in its hierarchy. For each enrollment, an entity/agent within a hierarchy is entitled only to the appropriate amount listed on the UnitedHealthcare commission schedule.

Tax Information

- Commissions paid are reported on the 1099 in the year they are paid. Payments issued in one year and then voided and reissued in the next year will be reported on the 1099 for the year in which the original payment was issued.
- The assignee receives the 1099 for any payments received on behalf of the assignor.
- Garnished payments are reported on the 1099 of the garnished agent in the year the payment was originally processed.

Section 7: How am I Paid?

Health Assessment (HA) Payment Program (update effective 02/24/2020) (applies to MA only (excludes standalone PDP and Medicare Supplement Insurance))

UnitedHealthcare will pay the contracted amount for the completion of a Health Assessment (HA) when all of the following requirements are met:

- All “Agent Assisted Health Assessment (HA) Process” (refer to earlier section) requirements must be met.
- The enrollment must be accreted (i.e. the application was approved and the member enrolled).
- The plan in which the consumer is enrolling is commissionable.
- You must pass credential validation for the submitted enrollment application (refer to the Agent Compensation Eligibility Requirements section).

An HA payment:

- Will generally occur during the month that follows the plan effective date month (e.g., the HA payment for a 2/1 plan effective date will occur in late March).
- Will not be charged back due to rapid disenrollment from the plan.
- May be charged back if it is determined that payment requirements were not met or due to payment corrections or abuse of the HA payment program.
- Will be reported on the 1099 for the year in which it was paid.

Agent of Record (AOR) Retention

In the circumstances below, a renewal-eligible agent’s status as AOR and associated entitlement to renewal payments will be retained for a qualifying enrollment when eligibility requirements have been met. The AOR remains responsible for servicing the member. UnitedHealthcare reserves the right to deny an agent AOR retention or remove an agent as AOR.

- AOR eligibility requirements
 - ~ The original agent or immediate up-line if the original agent was a solicitor must be an active renewal eligible agent and must be appropriately credentialed.
 - ~ A non-renewal eligible Telesales agent must conduct the enrollment in the new qualifying UnitedHealthcare plan or the impacted member may self-enroll via Web or paper enrollment application without involvement of a renewal-eligible agent.
 - ~ The member enrolls in a qualifying UnitedHealthcare plan. Qualifying plans include MA plan, MAPD plan, DSNP, or CSNP. Any other type of plan switch does not qualify for AOR retention, including Medicare Supplement Insurance, Institutional SNP, and Individual PDP.
- Service Area Reduction (SAR) Impacted MA Member Enrolls in a Qualifying MA Plan
 - ~ A member’s current UnitedHealthcare MA plan is closing and the member is able to make a new plan election (i.e. the member is not automatically mapped to an existing plan);
 - ~ The member must enroll in a new UnitedHealthcare MA plan during the Annual Election Period (AEP) or a Special Election Period (SEP) with an effective date of January 1, February 1, or March 1;
- Non-SAR Medicare Advantage Members Enrolls in a Qualifying MA Plan
 - ~ The current member must be currently enrolled in a UnitedHealthcare managed MA plan with or without integrated Part D benefits;
 - ~ Effective 08/01/2016 the member may use any available election period (i.e. AEP or SEP).

Section 7: How am I Paid?

- ~ The current member must switch from the current plan to another qualifying UnitedHealthcare managed MA plan with no gap in coverage.
- Commission Payment
 - ~ For qualifying enrollments, renewals will continue to the original Agent of Record.
 - ~ For non-qualifying enrollments, such as a member switching from an MA Plan to Medicare Supplement Insurance and/or a Part D plan, the agent facilitating the plan switch will become the new AOR and, if eligible, will receive any commission/incentive payments per standard procedures.

Assignment of Commission (applies to all products (excluding SecureHorizon Medicare Supplement Insurance))

Agent Assignment to an Individual or Entity

- The assignee, an individual or entity represented by a principal, must also be actively contracted for the sale of Medicare products.
- The assignor and the assignee must belong to the same line of business. For example, a Medicare & Retirement Writing ID (WID) cannot assign to an IFP WID or a Medicare & Retirement WID cannot assign to an agent only selling IFP products.
- Assignment to an estate, widow(er), or heir: Under the Agent Agreement, death of the agent is an automatic termination. UnitedHealthcare shall cease paying compensation to the agent and no further payment shall be due.
- Assignment of commissions can only occur to one individual or entity at 100%.
- SecureHorizons Medicare Supplement Insurance Plans are not eligible for Assignment of Commission.

Assignment of Commission Process

You can request to assign commissions by submitting a completed Assignment of Commissions form to [SH Commissions Administration@uhc.com](mailto:SH_Commissions_Administration@uhc.com) or faxing it to 1-866-761-9162. Forms are available through *Jarvis* (www.uhcjarvis.com) under the Commissions tab > Statements and More.

Termination of Authorization to Assign Commissions

The authorization to assign commissions will be terminated if any of the following conditions exist:

- Termination of the assignee.
- Termination for cause or death of the assignor.
- Assignor's failure to maintain appropriate credentialing.
- The assignor submits a written request to terminate authorization to assign commissions. Note: The assignee has no right to revoke a request to terminate an authorization provided by the assignor.

Held Commission Process

Commissions are paid to eligible, non-employee agents for enrollment applications that are complete, legible, and accurate. Commission will be held if you fail any of the credential validation checks, as well as if an invalid writing number is entered on the enrollment application.

Section 7: How am I Paid?

Reporting and Communication Process

- You and your up-line can review commission status and statements under the Commissions tab on Jarvis. If a commission is held, the reason(s) for payment ineligibility is provided.

Review and Resolution Process

The primary goal of the review process is to determine whether a held commission is eligible for payment or is legitimately held due to an issue with agent credentialing and/or enrollment application quality. The process for held commission review and resolution includes the following steps:

Appeals Process:

- The communication outlines a clear appeal process that you may use if you feel a transaction has been held inappropriately.
 - ~ You have 30 days from receipt of the communication to submit an appeal to the PHD at PHD@uhc.com.
 - ~ The ALM, Certification, and/or Commissions team reviews the appeal and approves or denies it.
 - ~ For appeals that are specifically related to your certification, the following requirements must be met:
 - You may request exception process review under one of the following circumstances:
 - You knew, in good faith, that they were certified in the product and can provide documentary evidence, but UnitedHealthcare internal business process or technical error did not reflect that you had passed the test in that product.
 - You were told you were certified and can provide evidence, but due to internal business process errors, was not provided with the appropriate certification requirements or online development plan.
 - In order for an exception to apply, all of the following criteria must be met:
 - You must have taken the appropriate certification tests by the time the exception is being considered.
 - A UnitedHealthcare/UnitedHealth Group system or process created the certification error.
 - You were acting in good faith.
 - ~ For appeals that specifically relate to agent licensing, information available through the Department of Insurance or National Insurance Producer Registry (NIPR) will be used to validate licensing claims.

Analyst Review:

- Appeals are forwarded to an ALM and/or Certification analyst for review. Results of analyst review, on a per application basis, will fall into one of three categories:
 - ~ System(s) will be updated to reflect the necessary change(s) for you and the commission will be paid systematically.
 - ~ Commission payment remains ineligible due to reason(s) stated.
 - ~ Appeal could not be evaluated based on currently approved rules, i.e. guidelines or published rules do not exist for the scenario under evaluation.

Section 7: How am I Paid?

- The transaction record and the Producer Contact Log (PCL) will be updated to reflect the final decision.
 - ~ Approved appeals: System records are corrected and payment will be systematically processed during the next commission cycle.
 - ~ Denied appeals: The transaction record will be updated to reflect a “forfeit” status indicating no further appeal is available.
- The appeals process can take up to 14 business days, and you are contacted via email, phone, or letter with the final decision on the appeal.

Plan Changes

MA plan/MA-PD plan or PDP

- Any MA plan/MA-PD plan or PDP and/or plan benefit package change is a commissionable event and may result in a new commission paid on a Per Member, Per Year (PMPY) basis. (See the “Agent of Record (AOR) Retention” section).
- If the effective date of the plan change is within the rapid disenrollment period of the original/prior effective date, the prior agent will be subject to full or prorated charge back depending on if the termination was voluntary or involuntary, except as noted below.
- If the effective date of the plan change is in month four through eleven of the original/prior effective date, except as noted below, the prior agent will receive a prorated charge back per CMS guidelines unless the member was enrolled in the prior plan through 12/31, in which case the commission is considered fully earned.
- If the effective date of the plan change is in initial year and the second plan is a like plan (Medicare Supplement Plans excluded) with the same agent, same carrier, and the member remains enrolled through 12/31, the agent will retain the full initial year commission.
- If the effective date of the plan change is in benefit plan year two, the prior agent will not receive renewals on the original/prior policy.

AARP Medicare Supplement

- For plan changes, if there is no break in coverage, the original writing agent will retain commission eligibility. Plan changes include:
 - ~ Changes from one AARP Medicare Supplement Plan to another under the same Insurance Company, including:
 - Changes from an AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company to another AARP Medicare Supplement Plan insured by UnitedHealthcare Insurance Company.
 - Changes from an AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company of New York to another AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company of New York, and
 - Changes from an AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company of America to another AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company of America.
 - ~ Changes from an AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company to an AARP Medicare Supplement Plan, insured by UnitedHealthcare Insurance Company of New York (and vice versa).

Section 7: How am I Paid?

- ~ The writing agent on the plan change, if different from the original writing agent, will not receive commissions.
- For internal replacements
 - ~ If there is no break in coverage and original writing agent was active and appropriately credentialed for the replacement policy at the time of application, the original writing agent will be commission eligible. The replacement policy writing agent, if different from the original writing agent, will only be commission eligible if the original writing agent was not active and the new writing agent was appropriately credentialed for replacement policy at the time of application (for UHICA plans, new writing agent must also have been authorized to sell such plans by way of separate notice from UnitedHealthcare). Internal replacements include:
 - An AARP Medicare Supplement Plan insured by UnitedHealthcare Insurance Company of America replaces an AARP Medicare Supplement Plan insured by UnitedHealthcare Insurance Company or UnitedHealthcare Insurance Company of New York; or
 - An AARP Medicare Supplement Plan insured by UnitedHealthcare Insurance Company or UnitedHealthcare Insurance Company of New York replaces an AARP Medicare Supplement Plan insured by UnitedHealthcare Insurance Company of America.
 - ~ For subsequent internal replacements, the agent that was “commission eligible” on the immediately prior internal replacement will be evaluated for commission in accordance with the internal replacement sub-section above.

Commission Payment Audit/Appeals

You or your up-line may submit an audit or appeal request when they disagree with a payment amount, including instances when you have not been paid, but feels you should have been. Audit/appeal requests related to commissions for new enrollments may be submitted for policies effective in the current plan year or prior plan year. Appeals related to renewal commissions may be filed for transactions in question from the current plan year or prior plan year. However, appeals for the prior plan year payments must be filed by November 30 of the current plan year. Audit/appeal requests related to renewal payments are not reviewed if a corresponding new transaction was not paid. The request must be in writing and must detail the specific applications you are questioning. If an issue with the commission payment system is identified, it will be corrected and the commission will be processed systematically. A follow-up communication will be sent to you. Decisions made by the Commissions Audit department are final. Note: This rule will be waived if required due to a CMS audit, DOI audit, or legal proceeding.

- You must email PHD at phd@uhc.com and include supporting documentation to open a Service Request to process a commission payment audit request.
- PHD will verify if the member is actively enrolled in a UnitedHealthcare plan and that the agent requesting payment is active at the time of sale. If the preceding criteria is met, the Service Request will be escalated to the Commissions Audit department for additional research.
- Results of the audit of each enrollment application will be communicated to you by the Commissions Audit department.
- Responses will be stored within the PHD Service Request.
- Follow-up calls associated with the request from you or your up-line should be directed to the PHD at phd@uhc.com with reference to the Service Request provided.

Section 7: How am I Paid?

Repayment Process

Debt Repayment Plan

UnitedHealthcare routinely conducts commission administration audits using the Medicare Membership Report from CMS to validate that charge backs have been appropriately processed due to members that rapidly disenroll or otherwise disenroll within the first plan benefit year or to validate agents no longer receive renewal commissions following a member's disenrollment from a MA plan or PDP.

- When an audit process reveals an overpayment, the impacted agent is charged back accordingly. Charge backs may be applied against future payments to an agent or may be recovered by any other means allowed by law.
- To minimize the impact of large charge backs, you may request a debt repayment plan by submitting an appeal to the PHD via email at PHD@uhc.com. Debt repayment options are only available for charge backs for the sale of MA plans and PDPs and in situations where large debt is created due to audits of commission payments. Debt repayment options are not available for charge back debt created as a result of day-to-day commissions processing. To request a debt repayment plan:
 - ~ You must be in good standing (i.e. you are not the subject of an open complaint investigation and/or open corrective and/or disciplinary action outreach),
 - ~ You must have an existing renewal book of business, **and**
 - ~ The amount of debt must exceed 2 months of renewal payments.

Garnishment

When a formal notification of garnishment is received commissions will be withheld based on the terms of the levy. Garnishment amounts will be paid to the appropriate agency or organization on a monthly basis unless otherwise specified. Garnishment of commission payments will continue until the total amount of the garnishment is satisfied or a notice of satisfaction is received from the garnishing agency.

Section 8: What are Expected Performance Standards?

Conflict of Interest

Individuals representing UnitedHealthcare (including but not limited to agents (including active, servicing, and solicitors), agency principals, contractors, employees, and sales leaders) must not engage in any activity that conflicts with, or gives the appearance of conflicting with, their responsibility to UnitedHealthcare or competes with, or gives the appearance of competing with the interests of UnitedHealthcare or its consumer/members unless approved by management and in accordance with the Conflict of Interest policy.

A conflict of interest occurs when an individual's interests or activities, or in some cases those of their immediate family member (spouse/domestic partner, child, parent, or sibling, including step-relations and in-laws), could affect or appear to affect the individual's decision making on behalf of UnitedHealthcare or because the individual's objectivity could be questioned because of those interests or activities. On an annual basis during the certification process, individuals representing UnitedHealthcare must attest that they have read, understand, and will abide by UnitedHealth Group's Code of Conduct and to their conflict of interest status.

Types of Conflict of Interest

UnitedHealthcare has identified scenarios that may exist or arise that can create a conflict of interest when acting as a representative of UnitedHealthcare. The list does not cover every possible scenario, and the appearance of an activity on the list does not mean that it will always create a conflict of interest.

Relationship with a Health Care Provider or UnitedHealthcare Business Partner

- An individual representing UnitedHealthcare, or their immediate family member, has a direct or indirect ownership interest in AND/OR is an employee, contractor, or consultant of AND/OR holds a position of influence with a health care provider or UnitedHealthcare business partner.

Relationship with an Organization that Interacts with Medicare Beneficiaries

- An individual representing UnitedHealthcare has a direct or indirect ownership interest in AND/OR is an employee, contractor, or consultant of AND/OR holds a position of influence with an organization that has any interaction with Medicare beneficiaries.

Relationship between UnitedHealth Group Employee and Agent/Agency

- An employee of UnitedHealth Group or its affiliate has an immediate family member who is an agent/agency employed/contracted by and/or appointed with UnitedHealthcare.

Simultaneous Employment and Contract with UnitedHealthcare or another insurance carrier

- An employee of UnitedHealth Group or its affiliate is simultaneously in a non-employee contractual relationship with UnitedHealthcare or another insurance carrier.

Relationship between Non-Employee Agent/Agency and a UnitedHealthcare Competitor

- A non-employee agent is contracted and appointed with multiple carriers, including direct competitors of UnitedHealthcare.

Section 8: What are Expected Performance Standards?

UnitedHealth Group Employee Sells Non-UnitedHealthcare Products Requiring State License

- An employee of UnitedHealth Group or its affiliate is involved in the sale of a non-UnitedHealthcare insurance product, which requires a state license (e.g., health, life, financial services, and property/casualty), that may or may not compete with UnitedHealthcare Medicare insurance products.

Conflict of Interest Status Attestation and Disclosure

Individuals representing UnitedHealthcare must attest to their conflict of interest status annually.

Conflict of Interest Disclosure - Non-Employees

Non-employees must disclose any real or potential conflicts of interest at the time of contracting/onboarding, or within three business days of discovery thereafter, and as required if they attest to having a conflict of interest during the certification process, even if previously disclosed. The contracting process may suspend until the conflict has been removed or it is determined that it can be compliantly managed.

- The non-employee must submit a Conflict of Interest Disclosure form, along with any supporting documentation, to Agent_COI@uhc.com.
- For purposes of this section and the Management of Conflict of Interest section, an EDC agent (i.e. non-captive, broker agent) whose conflict is limited to “Relationship between Non-Employee Agent/Agency and a UnitedHealthcare Competitor” is not required to disclose the specific conflict or have the conflict managed.

Conflict of Interest Management

Conflict of Interest Disclosure forms will be reviewed and an outcome decision made. The individual(s) involved will be notified of the decision and, if directed, must acknowledge receipt of the notification and agreement to any actions outlined in the notification. If it is determined a conflict of interest exists, UnitedHealthcare may take one or more of the following actions:

- Develop a conflict resolution and management plan approved by the Conflict of Interest Committee. For example, if it is determined that a conflict of interest exists between an employee and a non-employee, a decision will be made about whether the conflict can be managed, and all parties will be notified. If it is determined that the conflict can be managed, UnitedHealthcare will share with the parties how it intends to manage the conflict. Failure to comply with the management plan could result in termination of the agent(s).
- Require the employee, contractor, or agent to divest of the conflict. For example, a full time UnitedHealth Group sales employee, regardless of their role, may not engage in any outside sales activity for any licensed insurance products. Such activity is deemed a conflict of interest, is prohibited, and is deemed inconsistent with the purpose and requirements of the UnitedHealth Group Code of Conduct and the UnitedHealth Group Conflicts of Interest Policy. The employee could be required to terminate their contract with a competitor in order to continue working as a sales employee for UnitedHealth Group.
- Terminate the employee, contractor, or agent (refer to the Agent Termination Process section).

Privacy and Security Incidents

You are required to act in compliance with all of the Centers for Medicare & Medicaid Services (CMS) regulations and guidelines and other applicable federal and state laws. UnitedHealthcare

Section 8: What are Expected Performance Standards?

expects agents to act with the highest degree of ethics and integrity and in the best interest of its consumers and members. UnitedHealthcare does not tolerate unethical behavior and our policies and procedures strictly prohibit activities that are not in the best interest of those we serve. Federal law requires Medicare plan sponsors to implement and maintain a Compliance Program that incorporates, measures to detect, prevent, and correct compliance related issues that include fraud, waste, and/or abuse.

The Health Insurance Portability and Accountability Act (HIPAA) is a federal law that provides requirements for the protection of health information. There are two pertinent provisions that guide the use of member/consumer information:

- Privacy Provisions
 - ~ The HIPAA Privacy Rule outlines specific protections for the use and sharing of Protected Health Information (PHI).
- Security Provisions
 - ~ The HIPAA Security Rule defines how PHI should be maintained, used, transmitted, and disclosed electronically.

Under HIPAA, if member information is disclosed to an unintended recipient, the UnitedHealthcare Privacy Office may have to:

- Notify the member
- Post the disclosure on the Health and Human Services (HHS) website
- Notify the Centers for Medicare and Medicaid Services (CMS)
- Notify state Attorney General (AG) or Department of Insurance (DOI) and/or other state agency as required by state law
- Notify the media
- In addition, individuals, including employees and business associates, may be criminally liable for intentional disclosures, privacy, and/or security incidents involving a potential or actual disclosure of member/consumer information

If you become aware of an inappropriate HIPAA/PHI disclosure, it **must** be reported within 24 hours of discovery.

You are responsible for protecting our consumers, members, our brand, and our company. Failure to protect PHI/PII may result in corrective and/or disciplinary action up to and including termination. You can report suspected privacy or security incidents through:

- Incidents should be reported to one of the following:
 - ~ The UnitedHealthcare Program Privacy Office at UHC_Privacy_Office@uhc.com
 - ~ Your supervisor or manager
 - ~ The Segment Compliance Officer/Compliance Lead
 - ~ The UnitedHealth Group Compliance & Ethics HelpCenter 800-455-4521 or www.uhghelpcenter.ethicspoint.com (available 24 hours a day, 7 days a week.)
- Security incidents (unauthorized access of UHG data/systems, laptop theft) must be **immediately** reported to the UHG Support Center at 888-848-3375 (24 hours a day, 7 days a week)

Section 8: What are Expected Performance Standards?

- UnitedHealthcare prohibits retaliatory action against any individual for raising concerns or questions regarding ethics and compliance matters or for reporting suspected violations in good faith.

Privacy and Security

You must protect the privacy and security of consumer/member Protected Health Information (PHI) and/or Personally Identifiable Information (PII) at all times. When conducting educational and/or marketing/sales activities and events, you must remember the safeguards below to ensure proper handling of PHI/PII and maintenance of consumer privacy. Agents who fail to protect consumer/member PHI/PII may be subject to financial responsibility for the payment of identity theft protection (e.g., LifeLock) for impacted members resulting from the loss of a device containing PHI/PII (e.g., laptop, mobile/smart phone, or other portable electronic device) and to corrective and/or disciplinary action up to and including termination.

Protected Health Information (PHI)

PHI is individually identifiable information (including demographics) that relates to health condition, the provision of care/coverage, or payment of such care.

Personally Identifiable Information (PII)

PII is a person's first name or first initial and last name in combination with one or more of the following:

- Social Security Number
- Driver's License Number or State Identification Card Number
- Credit card number or debit card number
- Unique biometric data (e.g., fingerprint, retina, or iris image)
- Tax information
- Account Number in combination with any required security code, access code or password that would permit access to an individual's financial account.

Interpretation of the above definitions of PHI/PII is dependent upon the how the consumer/member information is held (stored), used or treated and the definitions may overlap. PHI exists when held by a HIPAA Covered Entity (health plan) or a Business Associate of one (vendor, agent, etc.)

Agents Must:

- Carry only the minimum amount of hard copy documents with consumer/member PHI or PII necessary to complete the day's activities.
- Keep documents containing PHI/PII with them at all times while on marketing/sales activities, placing document in a folder or locked briefcase.
- Keep documents in a secure locked area (e.g., file cabinet).
- Encrypt all laptops, computers, smart phones, mobile phones, or other portable electronic devices in a manner so PHI/PII contained on laptops, computers, or other portable electronic devices is unreadable, undecipherable, or unusable.
- Position monitors, laptops, and other screens to minimize viewing PHI/PII by unauthorized personnel or the general public.

Section 8: What are Expected Performance Standards?

- Double check the fax number or email address to ensure the intended recipient receives the document. Email PHI/PII using secure-encrypted program.
- Use a fax cover sheet containing the HIPAA Privacy Statement when faxing PHI or PII.
- Include the HIPAA Privacy Statement when emailing PHI or PII.
- Dispose of documents containing PHI/PII in a secure manner (e.g., shred).
- Report suspected privacy incidents to UnitedHealthcare Privacy Office at uhc_privacy_office@uhc.com, UnitedHealthcare sales leader/leadership, Segment Compliance Lead, UnitedHealth Group Ethics & Compliance Help Center at 1-800-455-4521, or compliance_questions@uhc.com.

Agents must not:

- Leave hard copy documents unattended in an area where the documents could be viewed by others (e.g., desk, vehicle, table, or booth)
- Discuss consumer/member information in public spaces, including halls, elevators, lobbies, lunchrooms, cafeterias, restaurants, lavatories, parking lots or other unsecured public places where the conversation could be overheard. You must be cognizant of eavesdroppers and others who may appear to be interested in your business.
- Leave laptops and/or documents containing PHI/PII unattended or unsecured outside the workplace (e.g., at home, at a hotel, while traveling, unattended in a vehicle).
- Share, store, or use consumer/member information inappropriately.
- Store PHI/PII in virtual (cloud) storage, unless the agent (or agency, if the agent is employed by an agency) has a proper Business Associate Agreement in place with the cloud storage provider, and the cloud storage where PHI/PII is stored has appropriate security controls (e.g., encryption, logging, etc.).
- Share user ID's/passwords to UnitedHealthcare systems with others.
- Put consumer/member information on a jump drive (or similar portable storage device) and enable a technical control to restrict use of such devices. Formally documented business justification is needed if portable storage is necessary to conduct business and the device must be enabled with a minimum of 256 bit encryption.
- Scan or store paper enrollment applications or business reply cards (BRC) electronically, except when employee agents use UnitedHealthcare approved applications/platforms (e.g., Optum Technology Tiger Text, Blackberry Work or employee's home directory) or when appropriate encryption software is in place to ensure the protection of private data transmission.
- Throw hard copy documents containing PHI/PII in the garbage, unless they have been shredded.

Fraud, Waste, and Abuse

You are accountable for complying with all applicable laws, rules, regulations, policies, and procedures regarding fraud, waste, and abuse. UnitedHealthcare relies on your integrity, good judgment, and values to ensure we remain compliant.

Fraud is intentionally obtaining something of value through misrepresentation or concealment of facts. The complete definition of fraud has many components including:

- Intentional dishonest actions or misrepresentation of fact,

Section 8: What are Expected Performance Standards?

- Committed by a person or entity, and
- With knowledge the dishonest action of misrepresentation could result in an inappropriate gain or benefit.

This definition applies to all persons and all entities.

Waste and abuse are generally broader concepts than fraud. Waste includes inaccurate payments for services, such as unintentional duplicate payments, and can include inappropriate utilization and/or inefficient use of resources. Abuse describes practices that, either directly or indirectly, result in unnecessary costs to health care benefit programs. This includes any practice that is not consistent with the goals of providing services that:

- Are medically necessary
- Meet professional recognized standards for health care, and
- Are fairly priced

Generally speaking, waste and abuse can be identified by the following concepts:

- Over-use of services
- Practices or activities – whether by providers, members, vendors, employees or contractors – that are inconsistent with sound business, financial, or medical practices
- Practices or activities that cause unnecessary costs to the health care system

In most cases, waste and abuse are not considered to be caused by careless actions but rather the misuse of resources.

You can report suspected fraud, waste, and abuse to the UnitedHealthcare Fraud Tip Line at 866-242-7727 (Monday – Friday from 8:00 a.m. – 6:00 p.m. or 24 hours a day, 7 days a week for recorded messages).

Ethics and Integrity

Being ethical is much more than knowing the difference between right and wrong. It is being able to recognize and find your way through an ethical dilemma.

Merriam-Webster's Dictionary defines ethics as:

- The discipline dealing with what is good and bad and with moral duty and obligation.
- A theory or system of moral values
- A guiding philosophy.
- A set of moral issues or aspects.

Promoting an ethical and honest environment involves all agents embracing the values of honesty and integrity.

The following are several tips that should aid you in your daily activities:

- Understand the Centers for Medicare & Medicaid Services (CMS) regulations and UnitedHealthcare rules, policies, and procedures
- Report misconduct

Section 8: What are Expected Performance Standards?

- Ask if you don't know the answer. Remember there are plenty of resources to help you make ethical decisions, so don't feel reluctant about asking advice.
- Take responsibility for your actions.
- Remember the 3Bs of Ethics and Integrity:
 - ~ Be Informed
 - ~ Be Aware
 - ~ Be Vocal

Ethical issues arise in most aspects of marketing and selling and encompass three main components disclosure, competency, and suitability.

Disclosure

- You must disclose to consumer all information needed to make an informed decision
- You must inform consumers of the advantages, as well as, the limitations of the products you present
- You must disclose the interest you have in the transaction (e.g., any commissions received for a successful sale)
- Disclose all true out-of-pocket costs including, but not limited to, the fact that the consumer must keep paying their Medicare Part B premium
- Disclose the annual maximum out-of-pocket limit
- Take the time to answer the consumer's questions

Competency

- You have an obligation to fully comprehend the products you are selling
- Product comprehension protects against placing a consumer into a non-suitable product

Suitability

- You have an obligation to recommend a product that best meets the consumer's needs, goals, and financial resources
- Selling the right product, to the right consumer, at the right time should be your goal

You can report potential misconduct or policy violations to:

- Your Manager, Supervisor, or Sales Director
- Compliance_Question@uhc.com
- The UnitedHealth Group Compliance & Ethics HelpCenter 800-455-4521 or www.uhghelpcenter.ethicspoint.com (available 24 hours a day, 7 days a week.)

UnitedHealthcare expressly prohibits retaliation against employees or contractors who, in good faith, report or participate in the investigation of compliance concerns.

Agent Performance Standards

UnitedHealthcare has developed performance standards and oversight programs to monitor agents and agencies that market and sell UnitedHealthcare Medicare Solutions products to ensure adherence to applicable federal and state regulations, CMS and UnitedHealthcare ethical and business standards rules, policies, and procedures.

Section 8: What are Expected Performance Standards?

This guide outlines agent performance standards, sales management review, and oversight monitoring programs designed to ensure all agents are conducting sales, marketing, and enrollment activities in accordance with applicable rules, regulations, and UnitedHealthcare business requirements.

Your agency representative is responsible for completing the following oversight and development activities:

Your NMA must manage and monitor your agent performance by:

- Ensuring you complete all required UnitedHealthcare training.
- Communicating all product and regulatory information from UnitedHealthcare.
- Ensuring you participate in any UnitedHealthcare required remedial training.
- Ensuring any corrective action plan is completed and reported back to UnitedHealthcare.

Agents authorized to sell the UnitedHealthcare Senior Care Options

Your UnitedHealthcare Senior Care Options sales management is responsible for ensuring that agents authorized to sell UnitedHealthcare Senior Care Options plans complete required product specific training, attend periodic meetings, and complete ongoing monitoring activities. Your UnitedHealthcare Senior Care Options Sales and Development manager will monitor and enforce your attendance at meetings and trainings.

- You will receive 30, 60, 90 day follow-up for continuing education, training, and case review upon certification in the UnitedHealthcare Senior Care Options Plan product.
- You are required to attend quarterly meetings with UnitedHealthcare sales management for continuing education, training, and case reviews and best practices.
- You will receive periodic ride-alongs to observe you at face-to-face presentations.

Performance that may result in Immediate Termination

In some circumstances a recommendation for immediate termination (for-cause or not-for-cause) may occur.

Engaging in the following activities may result in a recommendation for immediate termination (refer to the Agent Termination section for details):

- Any occurrence of fraud, forgery, payments, inducements, deception, or coercion
- Sale of a UnitedHealthcare product when not appropriately licensed
- Violation of terms and conditions of Agent/Agency Agreement
- Gross violation of UnitedHealthcare policy and procedures or CMS regulations or guidelines
- Failure to divest or manage a conflict of interest as agreed upon by the Conflict of Interest Committee (see Conflict of Interest section)
- Any other applicable situations deemed appropriate by UnitedHealthcare

Monitoring Programs

UnitedHealthcare has implemented a variety of monitoring programs to ensure all agents are conducting sales, marketing, and enrollment activity in accordance with federal regulations and UnitedHealthcare rules, policies, and procedures. Calculation methods and thresholds have been established for all compliance monitoring programs and are periodically reviewed. Deficient

Section 8: What are Expected Performance Standards?

performance is categorized as Yellow (Complaint Monitoring only) or Red depending upon severity and patterns of performance. Monitoring programs reported in SMRT-Compliance include:

- Call and Digital Interaction Monitoring
- Cancelled Enrollment Applications
- Complaints
- Late Enrollment Applications
- PCP Auto-Assign
- Rapid Disenrollment

Other monitoring programs are not reported through SMRT-Compliance and include:

- Unqualified Sales
- Suspicious Sales
- Event Related Infractions
- Use of a Public Web Enrollment Portal

UnitedHealthcare reserves the authority to monitor additional issues and circumstances as deemed warranted. At its discretion, UnitedHealthcare may discontinue or suspend CR creation and required coaching requirements for monitoring programs.

For questions regarding the compliance monitoring program and thresholds, contact your NMA or up-line.

Call and Digital Interaction Monitoring

Call and digital interaction monitoring program evaluates consumer and Telesales agent (employee, UnitedHealthcare vendor, and external call center partners) telephonic and digital interactions that resulted in an enrollment to ensure compliance with CMS guidelines.

Cancelled Enrollment Applications

A consumer can cancel an enrollment application received by the enrollment center prior to the plan's effective date. The Cancelled Enrollment Application monitoring program calculates the cancellation rate by effective date for a given agent.

Complaints

The complaint investigation outcome or process to which you are referred (e.g., CEC, CAR, DAC) determines the threshold reported in SMRT Compliance (see the Agent Complaint Process section for details). If you are referred to the CAR process, you must successfully complete the assigned sales remediation training course(s) and corresponding assessment, with a minimum score of 80% within six attempts, by the indicated due date. Additional outreach is conducted based on accumulated complaint points.

Late Enrollment Applications

Late Enrollment Applications monitors the timely submission of enrollment applications.

Section 8: What are Expected Performance Standards?

PCP Auto-Assign

PCP Auto-Assign monitors the accurate indication of a valid PCP identification number on a Medicare Advantage (MA) plan enrollment application. Effective 03/01/2018, monitoring will be limited to paper and LEAN Office enrollment applications for MA HMO plans (some exceptions apply) submitted by you. Sales Oversight maintains the list of included plans.

Rapid Disenrollment

Rapid Disenrollment monitors voluntary member disenrollment from a MA plan or Prescription Drug Plan (PDP) within three months of the effective date.

Unqualified Sales and Corrective/Disciplinary Action

An unqualified sale occurs when you are not licensed and/or appointed (if applicable) in the state in which the consumer resides and/or certified in the product in which the consumer is enrolling at the time of sale.

- For the first two instances of an unqualified sale in a rolling 12-month period, you will be assigned a CAR and two complaint points.
- You will be terminated not-for-cause when a third unqualified sale is validated within a rolling 12-month period subsequent to completed corrective actions for the first two instances on the same type of unqualified sale. (Refer to the Termination Process section for termination details.)

Suspicious Sales Monitoring

Two reports are used to monitor enrollment activity that is potentially fraudulent. The suspicious agent report looks for enrollment trends based on agent over time. The deceased enrollee report compares enrollment application receipt date to the consumer's reported death date. Potential incidents of suspected agent fraud are analyzed and forwarded for investigation as appropriate.

Event-Related Infraction

The presenting agent is responsible for the accurate and timely reporting of events as indicated in the event reporting section. Prior to reporting and/or conducting an event, the presenting agent must pass the applicable Events Basics assessment.

- **Late Reported, Changed, or Cancelled Event**
 - ~ A report is generated that identifies events entered in UnitedHealthcare's event reporting application less than 7 calendar days prior to the date of the event and events that are changed or cancelled in the reporting application less than 1 business day prior to the date of the event.
- **Failure to Report**
 - ~ A failure to report infraction, results in a formal Operational Issues complaint against the presenting agent and a CAR.
 - You will be assessed two complaint points
 - You must complete assigned corrective action, which includes completing the on-line Operational Issues remediation module and a second session of the Events Basics module
 - You will receive Agent Coaching & Policy Specialist (ACPS)/BA coaching

Section 8: What are Expected Performance Standards?

- You must complete an attestation of understanding that a second identical offense within the 12-month period following coaching will result in a DAC referral and may result in termination.
- **Failure to Complete Events Basics Assessment**
 - ~ A presenting agent who did not pass the applicable Events Basics assessment prior to conducting an event will receive coaching and will be assigned an Operational Issues complaint, two complaint points, and a CAR, which includes completing the Operational Issues remediation module and Events Basics assessment as assigned.
- **Presenting Agent is not Contracted with UnitedHealthcare**
 - ~ If it is determined that a non-contracted agent conducted a marketing/sales event on behalf of UnitedHealthcare, the intended presenting agent will be determined and an attempt will be made to determine who made the decision to replace the presenting agent and what knowledge sales management had of the situation. Corrective and/or disciplinary action may include a no-show infraction against the presenting agent listed in the event reporting application, a Do Not Re-Contract flag against the non-contracted agent (if an inactive agent record is located in the UnitedHealthcare system).
- **Unsuccessful Event Infractions**
 - ~ Unsuccessful Event infractions result when you did not show up for a reported event, the incorrect event type was reported, you arrived late and after the evaluator arrived, the reported and actual addresses of the event are not the same, the event could not be located due to inadequate signage, the time of the event was changed, or the event was cancelled but not reported.
 - ~ You must complete assigned corrective action, which includes completing the Operational Issues remediation module and a second session of the Events Basics module. If you fail a second event observation/secret shop due to Unsuccessful Event in a 12-month rolling period after having been coached, you will be assigned corrective actions. Failing a third event observation/secret shop due to Unsuccessful Event in a 12-month rolling period after having been coached will result in a DAC referral.

Use of a Public Web Enrollment Portal

You must not enroll a consumer using a consumer-facing website or be physically present with a consumer who is completing an enrollment application via a UnitedHealthcare public web enrollment portal. Enrollment activity is monitored for potentially fraudulent activity and outreach calls are made to members to identify the party who initiated, keyed, and submitted the enrollment application via a public web enrollment portal. When it is determined that you completed an enrollment via a UnitedHealthcare public web enrollment portal or were physically present when a consumer submitted an enrollment via a UnitedHealthcare public web enrollment portal, a formal Operational Issues complaint is substantiated and two complaint points and a CAR are assigned. If you complete a second enrollment in the same manner in a 12-month rolling period, after having been coached, you will be assigned corrective action. Submitting a third enrollment via a UnitedHealthcare public web enrollment portal, after having been coached, will result in a DAC referral.

Section 8: What are Expected Performance Standards?

Third-Party Marketing Organization (TPMO) Reporting Requirements

Effective 10/01/2022, TPMOs as defined by CMS must comply with TPMO oversight reporting requirements. All entities and individuals contracted directly with UnitedHealthcare are considered first tier, downstream or related entities (FDRs) and, therefore, TPMOs. TPMOs also include any entity contracted or subcontracted by an FDR that provides services to UnitedHealthcare or UnitedHealthcare's FDR, including solicitors. TPMOs must report monthly to UnitedHealthcare any staff disciplinary actions or violations of any requirements that apply to UnitedHealthcare associated with consumer/member interaction.

Outreach and Coaching

Outreach and progressive engagement, including coaching, training, corrective action, and/or termination will occur when performance in one or more areas reaches an unacceptable level or at UnitedHealthcare's discretion. Agent outreach is generally conducted by an Agent Coaching & Policy Specialist (ACPS).

Agent Complaint Process

Complaints, allegations of agent misconduct, and issues of non-compliance are serious matters that require prompt attention; will have reasonable, timely, and well-documented inquiry into, and identified problems will be promptly and thoroughly corrected to reduce the potential of reoccurrence.

Sources of Complaints

Complaints and allegations of misconduct can originate from both internal and external sources. All complaints against agents must be forwarded to the Agent Issue Management (AIM) team via the agent complaint tracking tool within five business days of initial receipt.

Sources of Complaints and Allegations of Misconduct:

- Internal sources include, but are not limited to, UnitedHealthcare Government Programs, Appeals and Grievances, Sales and Marketing, Service Integrity and Member Support, Provider Services, Care Coordination, Producer Help Desk (PHD), UnitedHealth Group Ethics and Compliance (Ethics Point), and other UnitedHealth Group lines of business.
- External sources include, but are not limited to, the Centers for Medicare & Medicaid Services (CMS), state Departments of Insurance (DOI) or Departments of Health or Public Welfare, state Attorneys General, providers, state or federal law enforcement, and other state or federal regulatory agencies.

Initial Review and Pre-Disposition

Review Process

The AIM team will complete the entry of each complaint as needed into the agent complaint tracking tool and a case number is assigned. Each complaint is reviewed to validate that it is within the scope of the agent complaint process.

- A complaint is closed and the case documented accordingly if the following conditions exist:
 - ~ No UnitedHealthcare sales agent is involved in the complaint
 - ~ The product identified in the complaint is not a UnitedHealthcare product

Section 8: What are Expected Performance Standards?

- ~ The issue in question is not a violation of UnitedHealthcare policies, CMS guidelines, or federal or state rules or laws
- ~ The basis for the complaint is due to an internal business operational issue and submitted through the agent complaint tracking tool
- If the complaint is in scope of the agent complaint process, it moves to the pre-disposition stage

Pre-Disposition

The AIM team reviews each complaint using the Complaint Education Contact (CEC) – CEC 2 – Corrective Action Referral (CAR) – Disciplinary Action Committee (DAC) Referral Criteria Grid to determine if the complaint is referred to the CEC process or the Compliance Investigations Unit (CIU) for investigation and in some circumstances, directly referred to Corrective Action Referral (CAR). The status of the complaint is updated in the agent complaint tracking tool.

Complaint Education Contact Process

The Complaint Education Contact process provides two levels of engagement (i.e. CEC and CEC2) and is used as an intermediary measure to proactively address agent complaint behavior in an effort to prevent repeat infractions and/or more egregious behavior by facilitating the training and coaching of agents based upon established criteria. Throughout this guide, the term CEC is used to include the processes related to both levels, CEC and CEC2. The CEC process includes the following steps:

- The AIM team uses the approval Referral Criteria Grid to determine appropriate outreach.
- If you are an active agent, the AIM team creates a Coaching Request (CR) in PCL and assigns it to the appropriate Agent Coaching & Policy Specialist (ACPS).
- If you are an inactive agent, a CR is not created. The AIM team updates the complaint status in the agent complaint tracking tool and notifies ALM to flag you Review Before Contracting (RBC), which serves as an alert in the event you attempt to re-contract. When you re-contract and become active, any outstanding coaching must be completed prior to conducting any marketing/selling activities.

Agent Complaint Investigation Process

The Compliance Investigation Unit (CIU) is responsible for the investigation of complaints involving agents who market and sell UnitedHealthcare products. Complaints referred to the CIU are repeat issues or severe allegations of misconduct. At any point during the investigation, the AIM team or CIU may determine by using a severity grid that a recommendation to suspend your ability to market and sell UnitedHealthcare products is justified. The CIU will forward the suspension recommendation to the Director or Agent Issue Management.

Initial Review and Assignment of Case

Upon receipt of a complaint referral from the AIM team, the CIU makes a preliminary assessment of the case and assigns the case to an investigator who initiates an investigation as quickly as possible.

Investigation

The investigation process consists of obtaining information, documenting findings, and determining allegation outcomes.

Section 8: What are Expected Performance Standards?

Obtaining Information and Documenting Findings

- Generally, a Request for Agent Response (RAR) is prepared and sent directly to you and to your External Distribution Channel (EDC) management hierarchy. The RAR requests that you provide specific detailed responses to each allegation as well as other pertinent questions, facts, and circumstances. You must submit your own RAR statements with an Agent Attestation of Signature. A written response to the RAR is required within five business days. If a response is not received by the date requested, you, along with your EDC management hierarchy, are sent a Non-Response Letter (NRL) stating that a response must be received within two business days. If no response is received within the prescribed timeframe, an administrative termination is initiated.
- Members or their authorized representatives may be interviewed during an investigation to gather required details regarding the complaint or to confirm identity of the agent and/or other pertinent facts. All contact with members is made in accordance with CMS guidance.
- The investigator may also conduct a telephone interview with you. These interviews may occur prior to or as a follow-up to the RAR or NRL when the investigator needs more information or clarification of details.
- Interviews of other witnesses relevant to the investigation are also conducted as determined appropriate.
- System research is conducted to obtain information regarding claims, customer service notes, lead generation, and other details as determined in reviewing the case (CIU investigator, CIU management) to assist investigators resolve allegation outcomes.

Allegation Outcomes

A complaint may contain one or more separate allegations as determined by the investigation. Each allegation is investigated and an outcome determined on its own merits. Therefore, different allegation outcomes may result from one complaint. Following the review of an allegation, investigation, and consideration of the findings, one of the following allegation outcomes is assigned:

- **Substantiated:** Based on the evidence and facts that existed at the time the investigation was conducted and applicable state regulations, CMS Medicare Communications and Marketing Guidelines (MCMGs), internal policy, or other authority, a reasonable person would conclude that the allegation is true.
- **Unsubstantiated:** Based on the evidence and facts that existed at the time the investigation was conducted and applicable MCMGs, internal policy, or other authority, a reasonable person would conclude that the allegation is unfounded.
- **Inconclusive:** There was insufficient evidence, facts, or corroborating evidence that existed at the time the investigation was conducted that would lead a reasonable person to conclude the allegation is neither substantiated nor unsubstantiated.
- **Insufficient Information:** The complaint lacked the minimum amount of information necessary to determine the identity of the agent, member, or other information necessary to conduct a complex investigation.
- **No Allegation:** The complaint is determined not to have been a complaint against the agent for sales or marketing misconduct in accordance with MCMGs and company policy.
- **Non-Response:** You failed to respond within the required timeframes to the RAR and NRL.

Section 8: What are Expected Performance Standards?

Refer for Disposition

Upon completion of the investigation, the Investigative Report, Investigative Findings, and Allegation Outcomes are generally documented in the agent complaint tracking tool. The case is updated as 'Refer for Disposition' in the tracking tool and is referred back to the AIM team. Supporting documentation, including exhibits, are provided to the AIM team within the tracking tool. Effective 05/05/2021, the CIU may refer for disposition, cases that no longer meet the requirement for CIU investigation back to the AIM team.

Assignment of Final Disposition

The AIM team considers each allegation outcome to determine the final disposition. The following final dispositions are available:

No Action Required

The following situations result in no required action and the case is closed in the agent complaint tracking tool:

- The allegation outcome is Insufficient Information, No Allegation, or Unsubstantiated. If the investigation results in unsubstantiated outcomes for all allegations, the Agent Closure Letter is emailed to you, thanking you for your cooperation and notifying you of the investigative results.
- The allegation outcome is Inconclusive or Substantiated, you have received outreach for the same allegation or the same allegation family within the past twelve months, and the event/enrollment application for the current allegation took place before the outreach occurred.

Referral to the Corrective Action Referral Process

For allegation outcomes of Inconclusive or Substantiated, the AIM team uses the CEC-CEC 2-CAR-DAC Referral Criteria Grid to determine if a referral to the Corrective Action Referral (CAR) process is appropriate. The following situations result in a CAR process referral:

- You **have not** had outreach for the same allegation(s) within the past twelve months and the CEC-CEC 2-CAR-DAC Referral Criteria Grid recommends referral to the CAR process.
- You have exhausted all CEC/CEC2 opportunities for the same allegation family (-ies) within the past twelve months and the event/enrollment application for the current allegation took place after those previous CEC/CEC 2 outreaches occurred.

Referral to the Disciplinary Action Committee

For allegation outcomes of Inconclusive or Substantiated, the AIM team will use the CEC-CEC 2-CAR-DAC Referral Criteria Grid to determine if a referral to the Disciplinary Action Committee (DAC) is appropriate. The following situations result in a DAC referral:

- You **have not** had outreach for the same allegation(s) in the past twelve-months and the CEC-CEC 2-CAR-DAC Referral Criteria Grid recommends referral to the DAC.
- You have had outreach for a non-CEC eligible allegation (i.e. high-risk) through either the CAR or DAC process within the past twelve months and the event/enrollment application for the current allegation took place after that previous CAR or DAC outreach occurred.
- You have had repeated instances of lower severity complaints.
- Your behavior poses a continuing risk to company reputation or harm to members.

Section 8: What are Expected Performance Standards?

- You have been terminated for cause from another UnitedHealth Group line of business (e.g., Employer and Individual (E&I)).

Corrective Action Referral Process

The Corrective Action Referral (CAR) process supports the progressive disciplinary process and is a proactive measure intended to address egregious agent behavior. The retraining efforts through the CAR process are delivered in a prompt manner intending to correct the underlying problem that resulted in program violation and to prevent future noncompliance. The following steps are taken when a referral is made to the CAR process:

- If you are an active agent, the AIM team creates a Coaching Request (CR) in PCL and assigns it to the appropriate Agent Coaching & Policy Specialist (ACPS) and submits a request to certification operations to assign the applicable sales remediation module(s) to you.
- If you are an inactive agent, a CR is not created. The AIM team updates the complaint status in the agent complaint tracking tool and notifies ALM to flag you RBC, which serves as an alert in the event you attempt to re-contract. When you re-contract and becomes active, any outstanding coaching must be completed prior to conducting any marketing/selling activities.

Disciplinary Action Committee

The Disciplinary Action Committee (DAC) is responsible for determining appropriate disciplinary and/or corrective action up to and including agent termination.

Committee Membership and Mechanics

- The DAC, chaired by the Director of Agent Issue Management, is comprised of management-level representatives from Compliance, Regulatory Affairs, sales, and sales operations.
- A representative of the Legal Department serves as a legal advisor to the committee.
- The DAC meets once a week if there are cases to be reviewed or as needed to ensure referrals to the committee are addressed in a timely manner.
- A quorum of voting members is required to review referrals and vote on recommendations for disciplinary action.
- An agenda and minutes are filed for each meeting and the DAC docket and agent complaint tracking tool are updated with the meeting outcomes.

DAC Proceedings

- The DAC reviews the merits of the complaint and the investigation findings, and any other pertinent information (e.g., agent complaint and compliance history).
- If additional information is required, the DAC may request and consider other relevant information. As necessary, the case is deferred and placed on a future DAC meeting agenda.
- The committee determines and votes on an outcome. Approval by a majority of voting members present is required.

DAC Outcomes

The following outcomes are available to the DAC:

- No Action Required
 - ~ The DAC determines you do not require additional training to address the issue presented.
- Corrective Action

Section 8: What are Expected Performance Standards?

- ~ The DAC recommends appropriate corrective action tailored to address the complaint or issue of noncompliance and timelines for completion. In such cases, the AIM team opens a Coaching Request in PCL, in addition to drafting and sending a formal corrective action letter that is sent to you and your manager/supervisor notifying the appropriate manager to facilitate appropriate outreach and training to you or the agency if the issue is best addressed at the agency level.
- Deauthorization of Sales and Marketing Activity
 - ~ The DAC deauthorizes you from performing sales and marketing activity of a particular product until assigned corrective action is completed. The DAC chairperson is responsible for notifying your manager of the deauthorization and required training. Your manager is responsible for monitoring the completion of the assigned training.
- Termination
 - ~ The DAC terminates you. In addition to the decision to terminate you, the DAC must determine if the termination is for-cause or not-for-cause. ALM is notified to flag you RBC. (Refer to the Agent Termination Process section for termination process details.)

Complaint point System

Points will be assessed to actionable complaints (i.e. Inconclusive or Substantiated outcomes) based on the outcome of the complaint with point accumulation over a rolling 12 months. A CEC or CEC2 is assessed 1 point, a CAR 2 points, and a DAC with actionable outcomes 3 points. Effective 06/01/2021, complaint points will not be assigned to CAR cases that meet eligibility criteria. An agent will receive training/outreach or escalated disciplinary action when their accumulated points meet or exceed a threshold.

Coaching Request Extension Process

Under certain circumstances, an Agent Coaching & Policy Specialist (ACPS)/BA may request from AIM an extension to the required CR completion date. Contact your Agent Coaching & Policy Specialist (ACPS)/BA for process details.

Revocation of Authority to Sell

Agent Performance Standards and Thresholds

Failure to Comply with or Maintain Performance Standards in a Specific Product
